(925911), AS TO THE RUTLEDGE LEASE, WELL NO. 3 (118220), RIVERBEND (SAN MIGUEL) FIELD, HAMMOND, ADA LEASE, WELL NO. 1 (043738), HAMMOND (OLMOS SAND) FIELD, AND THE HAMMOND, ADA E. (04148) LEASE, WELL NO. 5A, HAMMOND (SAN MIGUEL NO. 4) FIELD, ZAVALA COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on February 7, 2000 and that the respondent, Williamson Operating Co. (925911), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Williamson Operating Co. (925911), ("respondent") were given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 (Organization Report) address, which was returned to the Commission marked "unclaimed."
2. The returned certified receipt containing the Original Complaint and the Notice of Hearing Opportunity, was returned to the Commission marked "unclaimed" on January 20, 2000. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. Respondent designated itself to the Commission as the operator of Well No. 3 (118220) on the Rutledge Lease, Well No. 1 (043738) on the Hammond, Ada Lease and Well No. 5A on the Hammond, Ada E. (04148) Lease ("subject wells"/subject leases") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance), effective on October 1, 1993 for the Rutledge Lease, Well No. 3 (118220), May 1, 1996 for the Hammond, Ada Lease, Well No. 1 (043738) and the Hammond, Ada E. (04148) Lease, Well No. 5A.

4. The subject wells have been dry or inactive for a period in excess of one year. Commission inspection and/or production reports indicate that the subject wells ceased production on or before January 1, 1993 for the Rutledge Lease, Well No. 3 (118220) and the Hammond, Ada Lease, Well No. 1 (043738) and January 31, 1997 for the Hammond, Ada E. (04148) (04148) Lease, Well No. 5A.
5. The subject wells have not been properly plugged in accordance with, and are not otherwise in compliance with, Statewide Rule 14.
6. Usable quality water in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject wells. Unplugged wellbores constitute a cognizable threat to public health and safety because of the probability of pollution.
7. The estimated cost to the State of plugging the subject wells is \$1,600.00 for Well No. 3 (118220) on the Rutledge Lease, \$4,200.00 for Well No. 1 (043738) on the Hammond, Ada Lease and \$4,900.00 for Well No. 5A on the Hammond, Ada E. (04148) Lease.
8. Commission district office inspections were conducted on October 27, 1998 and September 7, 1999 for the Hammond, Ada Lease. Well No. 1 (043738) does not have a wellhead assembly and has casing open to the atmosphere.
9. Maintenance of surface control by wellhead assemblies is necessary to prevent the discharge of oil and gas wastes on the subject lease constituting a hazard to public health and safety because the discharges of oil and gas wastes onto land surface can migrate into surface or subsurface waters.
10. The respondent did not demonstrate good faith since it failed to plug or otherwise place the subject wells and subject leases in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

CONCLUSIONS OF LAW

1. Proper notice was issued by the Railroad Commission to respondent and all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rules 13(b)(1)(B) and 14(b)(2).
4. Respondent is responsible for maintaining the subject lease in compliance with Rule 13(b)(1)(B), which requires that surface control of all wells be maintained with wellhead assemblies.
5. Respondent is responsible for maintaining the subject wells and the subject leases in

OIL AND GAS DOCKET NO. 01-0222363
