

**RAILROAD COMMISSION OF TEXAS
OFFICE OF GENERAL COUNSEL
OIL AND GAS SECTION**

OIL AND GAS DOCKET NO. 01-0233611

ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY LTS ENERGY, L.P. (511738), AS TO THE CONLEY -C- (12157) LEASE, WELL NO. 6, AND CONLEY -CC- (12158) LEASE, WELL NO. 7, SALT FLAT FIELD, CALDWELL COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on May 1, 2003, and that the respondent, LTS Energy, L.P. (511738), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. LTS Energy, L.P. (511738), ("Respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt containing the Original Complaint and the Notice of Opportunity for Hearing was signed and returned to the Commission on March 24, 2003. The receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. Respondent designated itself to the Commission as the operator of Well No. 6 on the Conley -C- (12157) Lease and Well No. 7 on the Conley -CC- (12158) Lease ("subject wells"/"subject leases") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on August 15, 1998 for both of the subject wells and subject leases.
4. According to Commission records the Respondent's Form P-5 (Organization Report) is active. Respondent has a \$50,000 Letter of Credit as financial assurance at the time of its last Form P-5 renewal.
5. Both of the subject wells ceased production on or before March 31, 1999.

6. The subject wells have not been properly plugged in accordance with, and are not otherwise in compliance with, Statewide Rule 14.
7. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject wells. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
8. The estimated cost to the State of plugging the subject wells is \$5,500.00 for Well No. 6 on the Conley -C- (12157) Lease and \$5,518.00 for Well No. 7 on the Conley -CC- (12158) Lease.
9. Commission district office inspections were conducted on the Conley -C- (12157) Lease. The sign or identification required to be posted at Well No. 6 was missing.
10. Commission district office inspections were conducted on October 27, 2002 and November 21, 2002 for the Conley -CC- (12158) Lease. The sign or identification required to be posted at Well No. 7 was missing.
11. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject leases and the subject wells in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

CONCLUSIONS OF LAW

1. Proper notice was issued by the Railroad Commission to respondent and to all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rules 3(a) and 14(b)(2).
4. Respondent is responsible for maintaining the subject lease in compliance with Rule 3(a), which requires that each property that produces oil, gas or geothermal resources and each oil, gas or geothermal resource well and tank, or other approved crude oil measuring facility shall post signs or identification.
5. Respondent is responsible for maintaining the subject leases in compliance with all applicable Commission rules and for properly plugging the subject wells according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
6. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531(c) (Vernon 2001).

IT IS ORDERED THAT within 30 days from the day immediately following the date this order
