OFFICE OF GENERAL COUNSEL

OIL AND GAS DOCKET NO. 03-0254089

ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY PETROLEUM CAPITAL, L.C. (660252), AS TO THE CAMPBELL (05924) LEASE, WELL NO. 4, MUSCADINE (WILCOX 1ST SEG B) FIELD, ORANGE COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on May 8, 2008, and that the respondent, Petroleum Capital, L.C. (660252), failed to appear or respond to the Notice of Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Petroleum Capital, L.C. (660252), ("Respondent") was given Notice of Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Hearing mailed to Respondent's most recent P-5 address was signed and returned to the Commission on November 26, 2007. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On September 26, 2007, Respondent, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): James Robert Renfro, Manager; and Christine Mary Clark Renfro, Secretary.
4. James Robert Renfro, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

5. Christine Mary Clark Renfro, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
6. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
7. Respondent designated itself to the Commission as the operator of Well No. 4 on the Campbell (05924) Lease ("subject well"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on February 1, 2006.
8. At the time of the hearing, Respondent's P-5 (Organization Report) was active; although, the Commission has officially noticed from the P-5 records that this Organization Report (Form P-5) has become delinquent as of September 1, 2008. Respondent had a \$50,000 Letter of Credit as its financial assurance at the time of its last P-5 renewal on September 26, 2007.
9. Production from the subject well ceased on or before July 31, 2002.
10. The Statewide Rule 14(b)(2) plugging extension for Well No. 4 on the Campbell (05924) Lease was denied on May 7, 2003 because a required H-15 test was delinquent.
11. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the potential of pollution.
12. The total estimated cost to the State of plugging the subject well is \$21,110.00.
13. Commission records indicate no Form H-15 (Test On An Inactive Well More Than 25 Years Old) has been filed and approved for the Campbell (05924) Lease, Well No. 4. Commission records further show that the Campbell (05924) Lease, Well No. 4, has an Historic Well Date of April 16, 1973, no production has been reported since July 31, 2002, an approved H-15 test was due at least by May 2006, and the well has not been plugged.
14. The Respondent has not demonstrated good faith since it failed to timely plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

5. Respondent is responsible for maintaining the subject lease and subject well in compliance with all applicable Commission rules according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
