FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on February 7, 2008, and that the respondent, Western Pride Resources, Inc. (912203), failed to appear or respond to the Notice of Opportunity for Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Western Pride Resources, Inc. (912203), ("Respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Opportunity for Hearing mailed to Respondent's most recent P-5 address was signed and returned to the Commission on October 24, 2007. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On July 6, 2006, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Brooks Bowen.
4. Brooks Bowen, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
5. The violations of Commission rules committed by respondent are related to safety and the control of pollution.

6. Respondent designated itself to the Commission as the operator of Well No. 1 (122473) on the Adami, Sidney Et Al Lease ("subject well"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on December 1, 2002.
7. According to Commission records the Respondent's Form P-5 (Organization Report) became delinquent on March 1, 2007. Respondent had a \$12,080.00 cash deposit as its financial assurance.
8. Well No. 1 on the Adami, Sidney Et Al Lease is a permitted injection well. Injection into the subject well ceased on or before January 1999.
9. The Statewide Rule 14(b)(2) plugging extension for Well No. 1 (122473) was denied on October 26, 2002 for an H-5 (Mechanical Integrity Test) issue.
10. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
11. The total estimated cost to the State of plugging the subject well is \$7,300.00.
12. The Respondent has not demonstrated good faith since it failed to timely plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
