OIL AND GAS DOCKET NO. 06-0220477

ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY GULFTEX OPERATING, INC. D/B/A GULFTEX, INC. (338749), AS TO THE PITTMAN, E.N. ETAL (00884) LEASE, WELL NOS. 1, 2, 3, 4, 6 AND 8, MANZIEL (SUB-CLARKSVILLE) FIELD, WOOD COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on April 17, 2000 and that the respondent, GulfTex Operating, Inc. d/b/a GulfTex, Inc. (338749), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. GulfTex Operating, Inc. d/b/a GulfTex, Inc. (338749), ("respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 (Organization Report) address, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the First Amended Original Complaint and the Notice of Hearing Opportunity, was signed and returned to the Commission on February 11, 2000. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On July 29, 1997, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individuals: Tim Burroughs; President and Jack Burroughs; Vice-President.
4. Respondent designated itself to the Commission as the operator of Well Nos. 1, 2, 3, 4, 6 and 8 on the Pittman, E.N. Etal (00884) Lease ("subject wells"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance), with the Commission effective on November 1, 1997.

OIL AND GAS DOCKET NO. 06-0220477

5. The subject wells have been dry or inactive for a period in excess of one year. Commission inspection and/or production reports indicate that the subject wells ceased production on or before November 30, 1993.
6. The subject wells were not properly plugged in accordance with, and were not otherwise in compliance with, Statewide Rule 14.
7. Usable quality water in the area could have been contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject wells. Unplugged wellbores constitute a cognizable threat to public health and safety because of the probability of pollution.
8. The respondent did not demonstrate good faith since it failed to plug or otherwise place the subject wells and subject lease in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
9. GPX Operating Inc. (319477), has brought the Pittman, E.N. Etal (00884) Lease into compliance and is now the current operator of record.

CONCLUSIONS OF LAW

1. Proper notice was issued by the Railroad Commission to respondent and all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred
3. Respondent was in violation of Commission Statewide Rule 14(b)(2).
4. Respondent was responsible for maintaining the subject wells and the subject lease in compliance with all applicable Statutes and Commission rules, specifically Statewide Rules 14, 58, and 79 and Chapters 89 and 91, Texas Natural Resources Code.
5. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531(c) (Vernon 1993).
