FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on June 27, 2002, and that the respondent, Riggs, John D., Sole Proprietor, Riggs Petroleum Company (711650), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Riggs, John D., Sole Proprietor, Riggs Petroleum Company (711650), ("respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was returned to the Commission marked "refused."
2. The returned certified receipt containing the Original Complaint and the Notice of Opportunity for Hearing was returned to the Commission marked "refused" on June 3, 2002. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. Respondent designated itself to the Commission as the operator of Well Nos. 1, 2, 8, 15, 16, 17, 19, 20, 21, 22, 23 and 24 on the Abercrombie, C.L./Unit/ (00614) Lease ("subject wells"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) filed with the Commission effective on January 1, 1974.
4. According to Commission records the Respondent's Form P-5 (Organization Report) became delinquent on October 1, 1999. Respondent paid a fee of \$100.00 as financial assurance at the time of its last Form P-5 renewal.

5. Well Nos. 1, 15, 19, 20, 21, 22, 23 and 24 ceased production on or before March 1999. Well Nos. 2 and 8 ceased production on or before October 1990. Injection into Well No. 16 ceased on or before March 1990 and injection into Well No. 17 ceased on or before June 1990.
6. The subject wells have not been properly plugged in accordance with, and are not otherwise in compliance with, Statewide Rule 14.
7. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject wells. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
8. The estimated cost to the State for plugging the subject wells is \$21,600.00.
9. Commission district office inspections were conducted on June 29, 2001 and September 12, 2001 for the Abercrombie, C.L./Unit/ (00614) Lease. The signs and or identification required to be posted at the lease entrance was missing.
10. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject lease and the subject wells in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

CONCLUSIONS OF LAW

1. Proper notice was issued by the Railroad Commission to respondent and to all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rules 3(a) and 14(b)(2).
4. Respondent is responsible for maintaining the subject lease in compliance with Rule 3(a), which requires that each property that produces oil, gas or geothermal resources and each oil, gas, or geothermal resource well and tank, or other approved crude oil measuring facility shall post signs and or identification.
5. Respondent is responsible for maintaining the subject lease in compliance with all applicable Commission rules and for properly plugging the subject wells according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
6. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531(c) (Vernon 2001).
