The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.

6. Respondent designated itself to the Commission as the operator of Well Nos. 4, 5, 6, 8, 9, 10, 11 and 17 on the Cowan-McKinney (09558) Lease ("subject wells"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on April 1, 1968

8. The subject wells ceased production on or before April 30, 1998.

14. Maintenance of surface control by wellhead assemblies is necessary to prevent the discharge of oil and gas wastes on the subject lease constituting a hazard to public health and safety because the discharges of oil and gas wastes onto land surface can migrate into surface or subsurface waters.
15. The Respondent had not demonstrated good faith since it failed to plug or otherwise place the subject lease and subject wells in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
