**ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY GRAVES OPERATING, L.L.C. (325799), AS TO THE ERICKSON (04349) LEASE, WELL NO. 1, FARNSWORTH, EAST (OSWEGO) FIELD, OCHILTREE COUNTY, TEXAS**

---

**FINAL ORDER**

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on June 21, 2012, and that the respondent, Graves Operating, L.L.C. (325799), failed to appear or respond to the Notice of Opportunity for Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. Graves Operating, L.L.C. (325799), ("Respondent"), was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent Form P-5 (Organization Report) address, which was signed and returned to the Commission.
2. The returned electronic certified receipt containing the Original Complaint and the Notice of Opportunity for Hearing, was signed and returned to the Commission on March 22, 2012. The electronic receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On January 23, 2012, Respondent, filed an Organization Report (Form P-5) with the Commission reporting that its Officers consisted of the following individual(s): Jimmy Randolph Graves, Manager.
4. Jimmy Randolph Graves, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

5. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
6. Respondent designated itself to the Commission as the operator of Well No. 1 on the Erickson (04349) Lease ("subject well"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on August 1, 2005.
7. Respondent's P-5 (Organization Report) is active. Respondent has a \$50,000 Letter of Credit as its financial assurance.
8. Production from the subject well ceased in June 2002.
9. The Statewide Rule 14b2 plugging extension for Well No. 1 on the Erickson (04349) Lease was denied on July 24, 2006 for failure to file an H-15.
10. The subject well has not been properly plugged in accordance with, and is not otherwise in compliance with Statewide Rule 14.
11. Usable quality groundwater is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the potential for pollution.
12. The estimated cost to the State of plugging the subject well is \$53,235.00.
13. Commission District inspections were conducted on October 26, 2009 and April 5, 2012 for the Erickson (04349) Lease. The signs or identification required to be posted at Well No. 1 was missing.
14. Failure to properly identify a well by the posting of the sign required by Statewide Rule 3 has the potential for causing confusion and delay in remedying a violation or emergency and poses a threat to the public health and safety.
15. Commission records indicate no Form H-15 (Test on an Inactive Well More Than 25 Years Old) has been filed and approved for the Erickson (04349) Lease, Well No. 1. Commission records further show that the Erickson (04349) Lease, Well No. 1, has a Historic Well Date of October 26, 1978, that an H-15 test was last due in May 2006 and was not performed, and that the well has not been plugged.
16. A Commission District inspection was conducted on October 26, 2009 on the Erickson (04349) Lease, Well No. 1. Respondent needs to replace netting on fiberglass tank.
17. A Commission District inspection conducted on April 5, 2012 indicated that netting was placed on top of the fiberglass tank and was in compliance.

18. The Respondent has not demonstrated good faith since it failed to timely plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
