

TEXAS NATURAL GAS SUMMIT & JOB FAIR

Good Jobs, Fueling the Texas Economy.

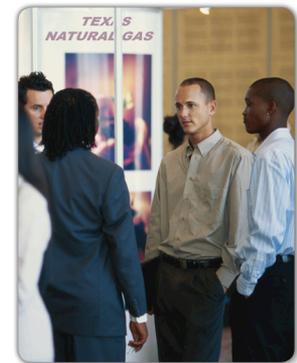

OCTOBER 23, 2014
10 a.m. – 3 p.m.

Palmer Events Center
900 Barton Springs Road
Austin, Texas 78704

Railroad Commissioner David Porter invites you to attend the Texas Natural Gas Summit, an event that will showcase companies that are creating good jobs by increasing the use of Texas natural gas to fuel vehicles and oilfield equipment. Last year oil and gas jobs grew nearly 5 percent statewide and helped Texas lead the nation in job creation. These jobs pay well. The average oil and natural gas worker earns about \$107,000 a year.

For more information and a list of available jobs, go to www.rrc.state.tx.us and enter "summit" in the search bar.

For more information or to register for the job fair and trade show, call Art Valladares at 512-463-3370.
