### Amend §3.86 and other rules re: UFT fields

Amend §3.86 and other rules re: UFT fields

I support the proposed Rule Changes with one exception. The legal authority to determine areas, boundaries, surveys and mapping as defined in the proposed rules, is the sole responsibility of a Registered Professional Land Surveyor (RPLS). In an effort to protect the public from complications with boundaries of leases, pooled units, unitized tracts, subdivisions, right-of-ways, parcels of land, and other interests in real property it is vital, that all plats require by this subsection must be prepared and certified by, and only by, a RPLS.

Thank you,  
Matt Morse, RPLS
