

RAILROAD COMMISSION OF TEXAS  
HEARINGS DIVISION

OIL AND GAS DOCKET  
NO. 03-0289456

IN THE MYKAWA (CONS.) FIELD,  
HARRIS COUNTY, TEXAS

ORDER NUNC PRO TUNC  
APPLICATION OF BALLARD EXPLORATION COMPANY, INC.  
CONSOLIDATION OF FIELDS INTO THE MYKAWA (CONS.) FIELD AND  
DESIGNATION OF THE MYKAWA (CONS.) FIELD  
AS A PIERCEMENT-TYPE SALT DOME FIELD  
MYKAWA (CONS.) FIELD  
HARRIS COUNTY, TEXAS

In conference at its office in Austin, Texas the Railroad Commission of Texas took up for consideration the matter of correcting its Final Order entered on December 8, 2015, approving the field consolidation of the numerous fields into the Mykawa (Cons.) Field, designation of the Mykawa (Cons.) Field as a piercement-type salt dome field, and adoption of Field Rules for the Mykawa (Cons.) Field in Harris County, Texas. The Commission finds that, due to clerical error, the Final Order entered December 8, 2015, erroneously excluded the Field Rules for the Mykawa (Cons.) Field.

Accordingly, it is **ORDERED** that the Final Order in Docket No. 03-0289456 be, and the same is hereby, amended *nunc pro tunc*. The Field Rules for the Mykawa (Cons.) Field are set out in their entirety as follows:

**RULE 1:** Designation of the Mykawa (Cons.) Field as the correlative interval from 2,200 feet to 6,800 feet as shown on the well log of the Gulf Oil Corporation, E.G. Siadous Lease, Well No. 1, Wm. J. Lovett Survey (A-526), Harris County, Texas, and that correlative interval from 6,800 feet to 10,720 feet as shown on the well log of the Gulf Oil Corporation, Katie Ward Lease, Well No. 1, Lot 185 Minnetex Farms S/D, Wm. J. Lovett Survey (A-526), Harris County, Texas for a combined total designated correlative interval from 2,200 feet to 10,720 feet, shall be designated as the Mykawa (Cons.) Field.

Done this 3<sup>rd</sup> day of February, 2016.
