

RAILROAD COMMISSION OF TEXAS
Oil and Gas Division

NOTICE TO DIRECTIONAL SURVEYING COMPANIES

Directional surveying companies can now file surveys electronically through the RRC Online System.

To file electronically through the RRC Online System, you must first assign a Security Administrator for your organization by submitting a Security Administrator Designation for Electronic Filing Form to the RRC. The Security Administrator can then assign user roles to others in your organization, enabling them to file forms electronically with the RRC. Existing users of the RRC's other Online Systems need merely to assign filing rights through their Account Administrator.

The Security Administrator Designation for Electronic Filing Form may be found at:

<http://www.rrc.state.tx.us/forms/forms/og/pdf/Formsadp.pdf>

Users may log in to the RRC Online System at:

<https://webapps.rrc.state.tx.us/security/login.do>

If you have questions about the new filing system, please contact the Engineering Unit of the Technical Permitting Section of the Railroad Commission at (512) 463-6899 or (512) 463-1925.

Austin, Texas
