RAILROAD COMMISSION OF TEXAS
HEARINGS DIVISION

OIL AND GAS DOCKET NO. 02-0306795

ENFORCEMENT ACTION AGAINST GULF ENERGY EXPLORATION CORP. (OPERATOR NO. 338104) FOR VIOLATIONS OF STATEWIDE RULES ON THE STATE TRACT 719-S (GAS ID NO. 131844) LEASE, WELL NO. 1 U, SHERMAN OFFSHORE, W. (1700 MIO.) FIELD; AND STATE TRACT 719-S (GAS ID NO. 132259) LEASE, WELL NO. 1 L, SHERMAN OFFSHORE (2900 A) FIELD, CALHOUN COUNTY, TEXAS

FINAL ORDER

The Railroad Commission of Texas ("Commission") finds that after statutory notice the captioned enforcement proceeding was heard by a Commission Administrative Law Judge on November 9, 2017, and that the respondent, Gulf Energy Exploration Corp., failed to appear or respond to the Notice of Opportunity for Hearing. Pursuant to § 1.25 of the Commission's General Rules of Practice and Procedure, 16 TEX. ADMIN. CODE § 1.25, and after being duly submitted to the Commission at a conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Gulf Energy Exploration Corp. ("Respondent"), Operator No. 338104, was sent the Original Complaint and Notice of Opportunity for Hearing by certified and first-class mail, addressed to the most recent Commission Form P-5 (Organization Report) ("Form P-5") address. Respondent's officer as identified on the Form P-5—Stephen L. Bailey—was sent the Original Complaint and Notice of Opportunity for Hearing by certified and first-class mail, addressed to the last known address.

2. The certified mail envelope containing the Original Complaint and Notice of Opportunity for Hearing addressed to the Respondent was unable to be delivered according to United States Postal records. The Certified Mail envelope addressed to Stephen L. Bailey was received on September 23, 2017. The first-class mail envelope addressed to Respondent was returned to the Commission. The first-class mail envelope addressed to Stephen L. Bailey was not returned. Record of the delivery and return of certified mail has been on file with the Commission for more than 15 days, exclusive of the day of receipt and day of issuance. Respondent was given more than 30 days' notice of the Original Complaint and Notice of Opportunity for Hearing. Respondent has not entered into an agreed settlement order, filed an answer or requested a hearing.

3. On June 9, 2014, Respondent, a corporation, filed a Form P-5 with the Commission reporting that its officers consist of the following individual: Stephen L. Bailey, President/Secretary.
4. Stephen L. Bailey was in a position of ownership or control of Respondent, as defined in TEX. NAT. RES. CODE § 91.114, during the time period of the violations of Commission rules committed by Respondent.

5. Respondent's Form P-5 is delinquent. Respondent had a $125,000.00 cash deposit as its financial assurance at the time of the last Form P-5 annual renewal submission.

7. Respondent designated itself to the Commission as the operator of the State Tract 719-S (Gas ID No. 132259) Lease, Well No. 1 L, by filing a Commission Form P-4 (Certificate of Compliance and Transportation Authority), effective June 16, 2008, approved September 9, 2008.

8. Well No. 1 U (Gas ID No. 131844) and Well No. 1 L (Gas ID No. 132259) of the State Tract 719-S Lease are a dual completion well. A June 29, 2016 offshore-structures inspection of the State Tract 719-S Lease, Well No. 1 U (Gas ID No. 131844) and Well No. 1 L (Gas ID No. 132259), conducted by the General Land Office revealed the wellhead and platform are both present. Either reports filed by Respondent with the Commission reflecting zero production, or the absence of production reports filed by Respondent with the Commission since April 2014 for Well No. 1 U (Gas ID No. 131844) and since becoming the P-4 operator in June 2008 for Well No. 1 L (Gas ID No. 132259), show the wells have been inactive for a period greater than one year. Production from Well No. 1 U (Gas ID No. 131844) ceased in March 2014 and production from Well No. 1 L (Gas ID No. 132259) ceased in May 1996.

9. No workovers, re-entries, or subsequent operations have taken place on the subject wells within the last twelve months; the subject wells have not been properly plugged in accordance with Statewide Rule 14, 16 TEX. ADMIN CODE § 3.14; and no plugging extensions are in effect for the subject wells as allowed by Statewide Rule 14.

10. Usable quality groundwater in the area can become contaminated by migrations or discharges of saltwater and other oil and gas waste from the subject wells. Unplugged wellbores, in violation of Statewide Rule 14(b)(2), constitute a cognizable threat to the public health and safety because of the potential of pollution.

11. The total estimated cost to the State for plugging the State Tract 719-S (Gas ID No. 131844) Lease, Well No. 1 U, and the State Tract 719-S (Gas ID No. 132259) Lease, Well No. 1 L, is $850,000.00.

12. The Respondent has no prior history of violations of Commission Rules.
CONCLUSIONS OF LAW

1. Proper notice was issued by the Commission to Respondent and all other appropriate persons legally entitled to notice.

2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties have been performed or have occurred.

3. Respondent is responsible for maintaining the subject leases in compliance with all applicable Commission rules and TEX. NAT. RES. CODE, chs. 89 and 91.

5. The documented violations committed by Respondent constitute acts deemed serious, and a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE § 81.0531(c).

6. Respondent is responsible for maintaining the subject leases in compliance with Statewide Rule 14(b)(2), which requires that plugging operations on each dry or inactive well shall be commenced within a period of one year after drilling or operations cease and shall proceed with due diligence until completed, unless the operator is eligible for and obtains an extension of the plugging deadline.

7. Pursuant to TEX. NAT. RES. CODE § 81.0531, the Commission may assess administrative penalties against Respondent for the subject violations of up to $10,000 per day for each violation, with each day such violations continued constituting a separate violation.

8. An assessed administrative penalty in the amount of SIX THOUSAND, SIX HUNDRED FIFTEEN DOLLARS ($6,615.00) is justified considering the facts and violations at issue.

9. As a person in a position of ownership or control of Respondent at the time Respondent violated Commission rules related to safety and the control of pollution, Stephen L. Bailey, and any other organization in which this individual may hold a position of ownership or control, is subject to the restriction in TEX. NAT. RES. CODE § 91.114(a)(2).

ORDERING PROVISIONS

IT IS ORDERED THAT within 30 days from the day immediately following the date this order becomes final:
1. Gulf Energy Exploration Corp. (Operator No. 338104) shall plug the State Tract 719-S (131844) Lease, Well No. 1 U; and State Tract 719-S (132259) Lease, Well No. 1 L, in accordance with Commission rules and statutes.

2. Gulf Energy Exploration Corp. (Operator No. 338104) shall pay to the Railroad Commission of Texas, for disposition as provided by law, an administrative penalty in the amount of SIX THOUSAND, SIX HUNDRED FIFTEEN DOLLARS ($6,615.00).

It is further ORDERED that as a person in a position of ownership or control of Respondent at the time Respondent violated Commission rules related to safety and the control of pollution, Stephen L. Bailey, and any other organization in which this individual may hold a position of ownership or control, shall be subject to the restriction in TEX. NAT. RES. CODE § 91.114(a)(2) for a period of no more than seven years from the date the order entered in this matter becomes final, or until the conditions that constituted the violations herein are corrected or are being corrected in accordance with a schedule to which the Commission and the organization have agreed, and all administrative, civil, and criminal penalties and all cleanup and plugging costs incurred by the State relating to those conditions are paid or are being paid in accordance with a schedule to which the Commission and the organization have agreed.

It is further ORDERED by the Commission that this order shall not be final and effective until 25 days after the order is signed, unless the time for filing a motion for rehearing has been extended under TEX. GOV'T CODE § 2001.142, by agreement under TEX. GOV'T CODE § 2001.147, or by written Commission order issued pursuant to TEX. GOV'T CODE§ 2001.146(e). If a timely motion for rehearing of an application is filed by any party at interest, this order shall not become final and effective until such motion is overruled, or if such motion is granted, this order shall be subject to further action by the Commission. Pursuant to TEX. GOV'T CODE § 2001.146(e), the time allotted for Commission action on a motion for rehearing in this case prior to its being overruled by operation of law is hereby extended until 100 days from the date the Commission order is signed.

All requested findings of fact and conclusions of law, which are not expressly adopted herein, are denied. All pending motions and requests for relief not previously granted or granted herein are denied.

Noncompliance with the provisions of this order is subject to enforcement by the Attorney General and subject to civil penalties of up to $10,000 per day per violation.

Done this 23rd day of January 2018.
