RAILROAD COMMISSION OF TEXAS
HEARINGS DIVISION

OIL & GAS DOCKET NO. 06-0310853

SINGLE SIGNATURE P-4 FILING OF MILLENNIUM MINERALS CORPORATION (567491) FOR THE TAYLOR, W.B., -H- (02854) LEASE, WELL NOS. 3, 13, 36, 37 AND 49, LONGWOOD (GOODLAND LIME) FIELD, HARRISON COUNTY, TEXAS TO CHANGE THE OPERATOR FROM GREAT NORTHERN ENERGY, INC. (328627) TO MILLENNIUM MINERALS CORPORATION

FINAL ORDER

The Railroad Commission of Texas ("Commission" or "RRC") finds that after statutory notice and an opportunity for hearing regarding the captioned proceeding, Great Northern Energy, Inc. failed to request a hearing and did not otherwise respond such that this case can proceed as a default. This proceeding having been duly submitted to the Commission at a conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

Findings of Fact

1. On or about April 23, 2018, Millennium Minerals Corporation ("Millennium"), RRC Operator No. 567491, filed a single-signature Commission Form P-4 Certificate of Compliance and Transportation Authority ("Form P-4") requesting that it be designated the Commission operator of record for the Taylor, W.B., -H- Lease, Lease No. 02854, Well Nos. 3, 13, 36, 37 and 49 ("Wells"). The Form P-4 did not contain the signature of the current Commission operator of record for the Wells.

2. Great Northern Energy, Inc. ("Great Northern"), RRC Operator No. 328627, is the current Commission operator of record for the Wells.

3. In a letter dated May 14, 2018, a Commission Administrative Law Judge ("ALJ") requested in writing that Great Northern either: (1) provide evidence that it holds a "good faith claim" to a continuing right to operate the referenced property; or (2) request a hearing on the matter on or before June 13, 2018. This letter expressly notified Great Northern that failure to timely request a hearing would constitute waiver of the opportunity to request a hearing for this proceeding. The letter was sent via first-class mail to Great Northern’s address of record at the Commission as identified in Great Northern’s most recent filing of Commission Form P-5 Organization Report ("Form P-5").

4. A "good faith claim" is defined in Commission Statewide Rule 15(a)(5) as "A factually supported claim based on a recognized legal theory to a continuing
possessory right in the mineral estate, such as evidence of a currently valid oil and
gas lease or a recorded deed conveying a fee interest in the mineral estate.” 16
TEX. ADMIN. CODE § 3.15(a)(5).

5. Great Northern failed to provide evidence that it holds a good faith claim to a
continuing right to operate the Wells, failed to respond to the ALJ’s May 14, 2018
letter and failed to request a hearing.

6. At least ten days’ notice of an opportunity for hearing was given to Millennium and
Great Northern.

7. To demonstrate its good faith claim to operate the Wells, Millennium presented
documentation including a Sheriff’s Sale Deed in Execution of Judgment
conveying to Millennium the right to operate and produce the Wells. Millennium
also provided a notarized statement from mineral interest owners stating that
Millennium has a lease in effect and has a right to operate the Wells.

8. Millennium has a current Form P-5 with a $50,000 cash deposit as its financial
assurance. Millennium is currently the record operator of zero wells. Millennium’s
status at the Commission is active.

9. Great Northern does not have a good faith claim to operate the Wells.

10. Pursuant to TEX. GOV’T CODE §§ 2001.056 and 2001.062(e), Great Northern was
provided an opportunity to request a hearing and failed to do so.

11. Millennium has demonstrated a good faith claim to a continuing right to operate
the Wells.

12. The Wells should be transferred to Millennium as operator of record.

Conclusions of Law

1. Proper notice of hearing was timely issued to appropriate persons entitled to

2. The Commission has jurisdiction in this case. See, e.g., TEX. NAT. RES. CODE
§ 81.051.

§ 3.15(a)(5).

4. Millennium does have a good faith claim to operate the Wells.
