OPERATING, LLC TO BECOME THE OPERATOR OF RECORD.

FINAL ORDER

The Commission finds that after statutory notice the above-captioned proceeding was heard by the examiner on November 21, 2008. Having been duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following Findings of Fact and Conclusions of Law.

FINDINGS OF FACT

1. P.O.&G. Operating, LLC (hereinafter “P.O.&G.”) and Platinum Exploration, Inc. (hereinafter “Platinum”) were given at least 10 days notice of this proceeding. P.O.&G. appeared at the scheduled time and place for the hearing through its Managing Member, Steven A. Pfeifer. Platinum did not appear. P.O.&G. has agreed on the record that this Final Order shall be effective as of the date a Master Order relating to this Final Order is signed.

3. Platinum was recognized as the operator of the Griffin, T.L. “6-A” (02665) Lease, Well Nos. 2A & 6, Griffin, T.L. “6-B” (02666) Lease, Well No. 4 and Griffin, T.L. “6-C” (02667) Lease, Well No. 8 (hereinafter “subject leases” and “subject wells”) after filing Commission Form P-4s (Producer's Transportation Authority and Certificate of Compliance), effective July 1, 2004.

4. In Oil & Gas Docket No. 8A-0249476, Platinum was ordered to plug the Griffin, T.L. “6-A” (02665) Lease, Well Nos. 2A & 6, Griffin, T.L. “6-B” (02666) Lease, Well No. 4 and Griffin, T.L. “6-C” (02667) Lease, Well No. 8 Well and pay an administrative penalty of $21,250 (less $15,937.50 already paid). Platinum has not complied with the terms of the Final Order in Oil & Gas Docket No. 8A-0249476.
5. P.O.&G. has provided evidence of its good faith claim to operate the subject lease and wells by presenting a lease covering the relevant tract effective July 1, 2008 with a two year primary term.

6. P.O.&G. has filed with the Commission two-signature Form P-4s (Producer’s Certificate of Compliance and Transportation Authority) to become the operator of the Griffin, T.L. “6-A” (02665) Lease, Well Nos. 2A & 6 and the Griffin, T.L. “6-C” (02667) Lease, Well No. 8.

7. P.O.&G. has filed with the Commission a two-signature Form P-4 and a Form P-6 to subdivide Well No. 4 from the Griffin, T.L. “6-B” (02666) Lease.

8. P.O.&G. operates a total of 49 wells at the present time in Commission Districts 6, 7C and 8.

9. Superceding the requirement in the Final Order entered in Oil & Gas Docket No. 8A-0249476 that the Griffin, T.L. “6-A” (02665) Lease, Well Nos. 2A & 6, Griffin, T.L. “6-B” (02666) Lease, Well No. 4 and Griffin, T.L. “6-C” (02667) Lease, Well No. 8 be plugged is necessary to prevent waste.

   (a) P.O.&G. presented decline curves for the Griffin, T.L. “6-A” (02665) Lease, the Griffin, T.L. “6-B” (02666) Lease and the Griffin, T.L. “6-C” (02667) Lease. The decline curves indicate the leases were stable producers until the price of oil dropped in 1999. The wells were produced with submersible pumps and had a high water cut. The electricity expenses outweighed the return from producing the wells and production ceased.

   (b) P.O.&G. proposes to produce the wells with pump jacks, which will entail less expense for electricity and, it is hoped, a slightly lower water cut. Two wells will be used for production and two wells will be used for saltwater disposal.

   (c) P.O.&G. estimates the two producing wells will make 10 to 15 BO per day.

10. P.O.&G. has agreed on the record to waive issuance of a PFD in this Docket.

11. P.O.&G. has agreed on the record that, pursuant to the provisions of Texas Government Code §2001.144(a)(4), the P-4 transfer of the applied-for wells will be effective on the day the Order is signed by the Commissioners.
