RATE SCHEDULE	
SCHEDULE ID	DESCRIPTION
Residential Unincorp	
	Markham Gas Corporation
	Rate Schedule
	Residential Unincorporated
	APPLICATION OF SCHEDULE
	This schedule applies to all RESIDENTIAL customers in the unincorporated of the
	Markham, Matagorda County, Texas, receiving gas service through a meter from
	Markham Gas, Corp. and who use gas services for domestic purposes only. Natural gas
	supplied hereunder is for the individual use of the customer at one point of delivery and shall not be resold or shared with others. Where proposed service to a
	customer does not exist, additional charges and other arrangements with customer
	will be required prior to service being provided.
	Service under this rate schedule shall be furnished in accordance with the
	Commissions Special Rules of Practice and Procedures and Substantive Rules, as such
	rules may be amended from time to time.
	MONTHLY RATE
	The monthly rate for each customer receiving service shall be the sum of:
	1. a monthly customer charge, plus
	2. a commodity or demand rate per MCF of consumption, plus
	3. a cost of gas adjustment calculated per MCF of consumption, plus
	4. authorized taxes and other surcharges
	MONTHLY CUSTOMER CHARGE:
	The monthly customer charge shall be \$28.00.
	MONTHLY COMMODITY RATE:
	The price payable by each residential customer for all consumption each month shall
	be \$7.12 per MCF.
	COST OF GAS:
	The customer's bill shall be adjusted based on the Company's Cost of Gas schedule.
	TAXES:
	Taxes: Plus applicable taxes and fees related to above in accordance with the provisions of Rate Schedule Taxes.
	PIPELINE SAFETY AND REGULATORY PROGRAM FEE:
	Pipeline Safety and Regulatory Program Fee: Adjustments in accordance with the provisions of Rate Schedule PSF.
	RATE CASE EXPENSE SURCHARGE:

	Effective for meters read on or after: 08/30/2022
Rate Case Expense	
	Markham Gas Corporation Rate Schedule
	Rate Case Expense (RCE) Surcharge
	APPLICATION OF SCHEDULE
	This schedule is applicable to any customer served under Residential, Commercial, or Large Commercial rate schedules in the unincorporated of Markham, Matagorda County, Texas, served by Markham Gas, Corp., filed March 7, 2022, Docket No. OS-22- 00008970. This schedule is for the recovery of rate case expenses and shall be in effect beginning on or after August 30, 2022.
	MONTHLY RATE CASE EXPENSE RECOVERY FACTOR The rate payable shall be \$1.17 per Mcf as a separate line item on the customer's
	bill. Pursuant to the Final Order in Docket No. OS-22-00008970, Markham is authorized to
	recover a total of \$22,800 in rate case expenses from unincorporated customers identified by a surcharge at the rate of \$1.17 per Md for a period of approximately 36 months commencing August 30, 2022 until approved rate case expenses in the amount of \$22,800 are recovered.
	RULES AND REGULATIONS
	Service under this schedule shall be furnished in accordance with the Company's Quality of Service Rules; as such rules may be amended from time to time. A copy of the Company's Quality of Service Rules can be found on file with the Railroad Commission of Texas.
	COMPLIANCE
	The Company shall file an annual rate case expense report with the Gas Services Department on or before April pt of each year showing the beginning balance of the unrecovered rate case expense at January 1st, the amount recovered by customer class by month during the previous calendar year and the ending balance as of December 31st,
	Upon completion of the rate case expense recovery, Markham Gas, Corp. shall file a final rate case expense report within 60 days after the last billing cycle recovered from customers. No interest will accumulate on the outstanding balance.
	Compliance reports for the Commission should be emailed to GUO

Pipeline Safety Fee	
	Markham Gas Corporation
	Rate Schedule
	Pipeline Safety and Regulatory Program Fee
	PIPELINE SAFETY AND REGULATORY PROGRAM FEE:
	The Company shall recover a one-time annual fee as a surcharge to its existing
	rates for the Commission's Pipeline Safety and Regulatory Program Fee in the amount
	determined by the Commission for each service line reported to be in service at the
	end each calendar year, pursuant to Texas Utilities Code ? 121.211 and 16 Texas Adm
	in. Code ? 8.201.
	COMPLIANCE:
	Compliance Report. The Company shall file an annual pipeline safety fee (PSF)
	report no later than 90 days after the last billing cycle in which the pipeline
	safety and regulatory program fee surcharge is billed to customers. The Company
	shall file the report with the Railroad Commission of Texas addressed to the
	Director of Oversight and Safety Division, Gas Services Department, referencing
	Docket No. OS-22- 00008970, and titling the report "Pipeline Safety Fee Recovery
	Report". The report shall include the following:
	a) the pipeline safety fee-amount paid to the Commission;
	b) the unit rate and total amount of the surcharge billed to each customer;
	c) the date or dates the surcharge was billed to customers; and
	d) the total amount collected from customers from the surcharge.
	The report should be filed electronically to the Commission at
	GUD_Compliance@rrc.texas.gov or at the following address:

RATE SCHEDULE	
SCHEDULE ID	DESCRIPTION
	The Company shall recover other surcharges as authorized by federal, state, and
	local regulatory authorities in accordance with applicable statutes, laws,
	regulations, ordinances, orders, rules, contracts, or agreements as a separate line
	item on the customer's bill.
	Effective for meters read on or after: 8/30/2022
Cost of Gas	
	Markham Gas Corporation
	Rate Schedule
	Cost of Gas
	Applicability: This adjustment is applicable to all customers served by the utility, except for
	customers purchasing gas under a negotiated contract.
	Purchased Gas Adjustment:
	The monthly Purchased Gas Adjustment (PGA) shall be the cost of gas billed to the
	utility by the supplier(s) of gas to the system. The cost of gas shall be expressed
	in a per Mcf format by dividing the total amount purchased, plus all gas related
	costs from the supplier and third parties, in dollars by the amount of volume in
	Mcf purchased. The product, or Weighted Average Cost of Gas (WACOG), shall be called the PGA and billed to the customer per Mcf, or fraction thereof, consumed
	each month. The PGA shall be calculated using actual amounts invoiced and billed by
	the supplier for the same approximate period that meters are read, i.e., amounts
	invoiced and billed by the supplier in January will by applied to meters read in
	January and billed to the customer in the following month. The Base Cost of Gas is
	\$0.00 per Mcf.
	Any adjustment, refund and/or billing correction received by the utility for a
	prior period shall be included in the current month's PGA calculation. The utility
	shall limit recovery of Lost and Unaccounted Gas (LUG) to actual, not to exceed a
	maximum of 5%, calculated each year for the twelve months ended June 30. In no case
	shall the utility collect more than it's actual expense. Any over or under
	collection shall be refunded or collected in the following month when discovered by
	the utility.
	The LUG Factor calculation is based on the following formula:
	A=[(X*Y)+Z]/Z Where:
	A=LUG
	X=Gas Purchases in Mcf for the Twelve Months Ending June 30th Y=Percentage
	<gain>/Loss Z=Gas Sales in Mcf for the Twelve Months Ending June 30th</gain>
	Revenue Related Tay Adjustment.
	Revenue Related Tax Adjustment: Each monthly bill, as adjusted above shall also be adjusted by an amount equal to
	the various revenue related taxes or other fees and charges imposed by regulatory
	or governmental authorities. This includes, but is not limited to, Gross Receipts
	taxes, fees, or any other governmental imposition, fees or charges levied that is

URTAILMENT	PLAN
LAN ID	DESCRIPTION
455	?7.455 Curtailment Standards.
	 (a) Definitions. The following words and terms, when used in this section, shall have the following meanings, unless the context clearly indicates otherwise. (1) Balancing authorityThe Electric Reliability Council of Texas or other responsible entity that integrates resource plans ahead of time, maintains electricity demand and resource balance within a balancing authority area, and supports interconnection frequency in real time for a power region in Texas.
	(2) CommissionThe Railroad Commission of Texas.
	(3) Curtailment eventWhen a gas utility determines that its ability to deliver gas may become inadequate to support continuous service to firm customers on its system and it reduces deliveries to one or more firm customers. For the purposes of this section, an interruption of delivery or service to interruptible gas customers does not constitute a curtailment event.
	Prior to reducing deliveries to one or more firm customers, a gas utility interrupts
	deliveries to interruptible customers pursuant to mutually agreed upon contracts and/or
	tariffs. (4) Electric generation facilitiesFacilities registered with the applicable balancing authority including bulk power system assets, co-generation facilities, distributed generation, and or backup power systems.
	(5) Firm or firm deliveriesNatural gas deliveries that are described as firm under a contract or tariff.
	(6) Gas utilityAn entity that operates a natural gas transmission pipeline system or a local distribution company that is subject to the Commission?s jurisdiction as defined in Texas Utilities Code, Title 3.
	(7) Human needs customersResidences, hospitals, water and wastewater facilities, police, fire, military and civil defense facilities, and locations where people may congregate in an emergency, such as schools and places of worship. A human needs customer also includes small commercial customers that cannot practicably be curtailed without curtailing human needs. (8) Interruptible or interruptible deliveriesNatural gas deliveries that are not described for a firm worden a context of a firm worden a context of a firm worden.
	as firm under a contract or tariff. (b) Applicability. This section takes effect on September 1, 2022. This section applies when any gas utility experiences a curtailment event affecting intrastate service on any of its intrastate natural gas pipelines. When a gas utility experiences a curtailment event, the gas utility shall curtail deliveries according to the priorities listed in subsection (c) of this section unless and until the gas utility has an approved curtailment plan pursuant to
	subsection (d) of this section. The curtailment priorities in this section apply to sales of natural gas owned by a gas utility and/or deliveries utilizing a gas utility?s transportation capacity. The priorities in this section do not apply to sales of gas owned by an entity that is not a gas utility. The term ?deliveries? in this section includes sales and/or transportation service.
	(c) Priorities. (1) Unless a gas utility has an approved curtailment plan pursuant to subsection (d) of this
	section, a gas utility shall apply the following priorities in descending order during a curtailment event: (A) firm deliveries to human needs customers and firm deliveries of natural gas to local
	 (A) firm deriveries to numar needs customers and firm deriveries of natural gas to focal distribution systems which serve human needs customers; (B) firm deliveries to electric generation facilities;
	(C) firm deliveries to industrial and commercial users of the minimum natural gas required to prevent physical harm and/or ensure critical safety to the plant facilities, to plant personnel, or the public when such protection cannot be achieved through the use of an

FARIFF CODE:	DS RRC TARIFF NO: 34231
	(D) firm deliveries of natural gas to small industrials and regular commercial loads that use less than 3,000 Mcf per day;
	(E) firm deliveries to large industrial and commercial users for fuel or as a raw material where an alternate fuel or raw material cannot be used and operation and plant production would be curtailed or shut down completely when natural gas is curtailed; (F) firm deliveries to large industrial and commercial users for fuel or as a raw material
	where an alternate fuel or raw material can be used and operation and plant production would be curtailed or shut down completely when natural gas is curtailed; and
	(G) firm deliveries to customers that are not covered by the priorities listed in subparagraphs (A) - (F) of this paragraph.
	(2) Deliveries to customers within the same priority on the portion of the system which is subject to curtailment shall be curtailed to the extent practicable on a pro rata basis
	according to scheduled quantities. If a customer's end-use requirements fall under two or more priorities, then such requirements must be treated separately when applying this schedule of priorities to the extent practicable. Transportation customers have equivalent end-use
	priorities as sales customers. (3) When applying the priorities of this section, a gas utility may rely on the
	representations of its customers and/or their end users regarding the nature of customers? deliveries.
	(d) Curtailment plans. Order 489 and any curtailment plan approved by the Commission prior to the effective date of this section is superseded by this section. A gas utility may file its own curtailment plan for approval with the Oversight and Safety Division. A gas utility shall follow the priorities listed in subsection (c) of this section unless and until the gas
	utility has an approved curtailment plan on file with the Commission. The first three priorities in any individual curtailment plan must be consistent with the first three priorities listed in subsection (c)(1)(A) - (C) and (2) of this section. A gas utility shall provide to its customers notice of an application for a curtailment plan. A gas utility shall
	provide notice on the same day the gas utility files its application with the Commission. The gas utility may provide notice by hand delivery, by first class, certified, registered mail, commercial delivery service, electronic methods, or by such other manner as the Commission may require. The notice shall be in the form prescribed by the Commission. The Oversight and Safety Division may administratively approve the curtailment plan if no request for hearing is filed within thirty days of such notice. The Commission shall set the matter for hearing if it receives a timely request for hearing from a customer of the gas utility.
	(e) Required tariff filings. Within 90 days of the effective date of this section, each gas utility shall electronically file with the Commission, in the manner prescribed by the Commission, tariffs that shall include either:
	 (1) the curtailment priorities as specified in this section; or (2) a curtailment plan approved by the Commission as specified in subsection (d) of this section.
	(f) Curtailment emergency contact information. Each gas utility shall maintain current curtailment emergency contact information with the Commission and shall submit curtailment emergency contact information on or before November 1 of each year.

QUALITY OF SERVICE	
QUAL_SERVICE ID	DESCRIPTION
7.45a	SUBSTANTIVE RULES
	RULE Section 7.45
	Quality of Service
	For gas utility service to residential and small commercial customers, the following minimum service standards shall be
	applicable in unincorporated areas. In addition, each gas distribution utility is ordered to
	amend its service rules to
	include said minimum service standards within the utility service rules applicable to
	residential and small commercial
	customers within incorporated areas, but only to the extent that said minimum service standards do not conflict with
	standards lawfully established within a particular municipality for a gas distribution
	utility. Said gas distribution utility shall
	file service rules incorporating said minimum service standards with the Railroad Commission
	and with the municipalities
	in the manner prescribed by law.
	(1) Continuity of service.
	(A) Service interruptions.
	(i) Every gas utility shall make all reasonable efforts to prevent interruptions of service.
	When interruptions occur, the
	utility shall reestablish service within the shortest possible time consistent with prudent operating principles so that the
	smallest number of customers are affected.
	(ii) Each utility shall make reasonable provisions to meet emergencies resulting from failur
	of service, and each utility
	shall issue instructions to its employees covering procedures to be followed in the event of
	an emergency in order to
	prevent or mitigate interruption or impairment of service.
	(iii) In the event of national emergency or local disaster resulting in disruption of normal
	service, the utility may, in the
	public interest, interrupt service to other customers to provide necessary service to civil
	defense or other emergency service agencies on a temporary basis until normal service to these agencies can be restored
	(P) Record of interruption. Event for memortary interruptions which do not cause a major
	(B) Record of interruption. Except for momentary interruptions which do not cause a major disruption of service, each
	utility shall keep a complete record of all interruptions, both emergency and scheduled. Thi
	record shall show the cause
	of interruptions, date, time duration, location, approximate number of customers affected,
	and, in cases of emergency interruptions, the remedy and steps taken to prevent recurrence.
	(C) Report to commission. The commission shall be notified in writing within 48 hours of
	interruptions in service affecting
	the entire system or any major division thereof lasting more than four hours. The notice

 TARHY CODE 15 RACTRETE NO: 34231 shall also state the cause of such interruptions. If any service interruption is reported to the commission otherwise (for example, as a curtainest report or safety report), such other report is sufficient to comply with the terms of this paragraph. (2) Customer relations. (3) Information to curtomers. Each utility shall: (1) maintain a current set of eaps showing the physical locations of its facilities. All distribution facilities that be labeled to indicate the size or any perthent information which will accurately desorbe the utility's facilities. These maps, or such other maps as may be required by the resultatory authority, shall be kept by the utility in a central location and will be available for inspection by the resultatory authority during normal working hours. Each business office or service center shall have available up-to-date maps, pars, or records of its immediate area, with such other information as may be necessary to enable the utility to advise applicants and others entitled to the information as to the facilities variable for serving that locality; (ii) assist the customer or applicant in selecting the cost economical rate modeule; (iii) assist the customer or applicant in selecting the cost economical rate modeule; (iii) assist the customer or applicants in each business office of the utility where applications for service are received informing the public that copies of the rate schedules and rules relating to the service of the utility as filed with the commission are available for importion; (v) upon request inform its customers as to the method of reading meters; (vi) provide to new customers, at the time service is initiated or as an insert in the first billing, a peoplet or information make the public that complexe information. 	(II) the customer's right to have his or her meter checked without charge under paragraph (7) of this section, if applicable;
	(III) the time allowed to pay outstanding bills;
	(IV) grounds for termination of service;
	(V) the steps the utility must take before terminating service;
	(VI) how the customer can resolve billing disputes with the utility and how disputes and health emergencies may affect termination of service;
	(VII) information on alternative payment plans offered by the utility;
	(VIII) the steps necessary to have service reconnected after involuntary termination;
	(IX) the appropriate regulatory authority with whom to register a complaint and how to contact such authority;
	(X) the hours, addresses, and telephone numbers of utility offices where bills may be paid and information may be obtained; and
	(XI) the customer's right to be instructed by the utility how to read his or her meter;
	(vii) at least once each calendar year, notify customers that information is available upon request, at no charge to the
	customer, concerning the items listed in clause (vi)(I)-(XI) of this subparagraph. This notice may be accomplished by
	use of a billing insert or a printed statement upon the bill itself.
	(B) Customer complaints. Upon complaint to the utility by residential or small commercial customers either at its office,
	by letter, or by telephone, the utility shall promptly make a suitable investigation and advise the complainant of the results
	thereof. If shall keep a record of all complaints which shall show the name and address of the complainant, the date and
	nature of the complaint, and the adjustment or disposition thereof for a period of one year subsequent to the final disposition of the complaint.
	(C) Utility response. Upon receipt of a complaint, either by letter or by telephone, from the
	regulatory authority on behalf of a customer, the utility shall make a suitable investigation and advise the
	regulatory authority and complainant of the results thereof. An initial response must be made by the next working day. The utility
	must make a final and complete response within 15 days from the date of the complaint, unless additional time is granted

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 34231
		within the 15-day period. The
		commission encourages all customer complaints to be made in writing to assist the regulatory
		authority in maintaining records of the quality of service of each utility; however, telephone communications will be
		acceptable.
		(D) Deferred payment plan. The utility is encouraged to offer a deferred payment plan for
		delinquent residential
		accounts. If such a plan is offered, it shall conform to the following guidelines:
		(i) Every deferred payment plan entered into due to the customer's inability to pay the outstanding bill in full must provide
		that service will not be discontinued if the customer pays current bills and a reasonable amount of the outstanding bill and
		agrees to pay the balance in reasonable installments until the bill is paid.
		(ii) For purposes of determining reasonableness under these rules, the following shall be considered: size of delinguent
		account; customer's ability to pay; customer's payment history; time that the debt has been outstanding; reasons why
		debt has been outstanding; and other relevant factors concerning the circumstances of the
		customer.
		(iii) A deferred payment plan, if reduced to writing, offered by a utility shall state,
		immediately preceding the space provided for the customer's signature and in bold-face print at least two sizes larger than
		any other used, that: "If you are
		not satisfied with this agreement, do not sign. If you are satisfied with this agreement, you
		give up your right to dispute the amount due under the agreement except for the utility's failure or refusal to comply with
		the terms of this agreement."
		(iv) A deferred payment plan may include a one-time 5.0% penalty for late payment on the
		original amount of the
		outstanding bill with no prompt payment discount allowed except in cases where the
		outstanding bill is unusually high as a result of the utility's error (such as an inaccurately estimated bill or an incorrectly
		read meter). A deferred payment plan
		shall not include a finance charge.
		(v) If a customer for utility service has not fulfilled terms of a deferred payment agreement
		or refuses to sign the same if it
		is reduced to writing, the utility shall have the right to disconnect pursuant to
		disconnection rules herein and, under such
		circumstances, it shall not be required to offer a subsequent negotiation of a deferred payment agreement prior to
		disconnection.
		(vi) Any utility which institutes a deferred payment plan shall not refuse a customer
		participation in such a program on the

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 34231
		basis of race, color, creed, sex, marital status, age, or any other form of discrimination prohibited by law.
		(E) Delayed payment of bills by elderly persons.
		(i) Applicability. This subparagraph applies only to:
		(I) a utility that assesses late payment charges on residential customers and that suspends service before the 26th day after the date of the bill for which collection action is taken;
		(II) utility bills issued on or after August 30, 1993; and
		(III) an elderly person, as defined in clause (ii) of this subparagraph, who is a residential customer and who occupies the entire premises for which a delay is requested.
		(ii) Definitions.
		(I) Elderly personA person who is 60 years of age or older.
		(II) UtilityA gas utility or municipally owned utility, as defined in Texas Utilities Code, Sections 101.003(7), 101.003(8), and 121.001-121.006.
		(iii) An elderly person may request that the utility implement the delay for either the most recent utility bill or for the most recent utility bill and each subsequent utility bill.
		(iv) On request of an elderly person, a utility shall delay without penalty the payment date of a bill for providing utility
		services to that person until the 25th day after the date on which the bill is issued.
		(v) The utility may require the requesting person to present reasonable proof that the person is 60 years of age or older.
		(vi) Every utility shall notify its customers of this delayed payment option no less often than yearly. A utility may include this notice with other information provided pursuant to subparagraph (A) of this paragraph.
		(3) Refusal of service.
		(A) Compliance by applicant. Any utility may decline to serve an applicant for whom service is available from previously installed facilities until such applicant has complied with the state and municipal regulations and approved rules and regulations of the utility on file with the commission governing the service applied for or
		for the following reasons.
		(i) Applicant's facilities inadequate. If the applicant's installation or equipment is known

RRC COID: 238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 34231
	to be hazardous or of such
	character that satisfactory service cannot be given.
	(ii) For indebtedness. If the applicant is indebted to any utility for the same kind of
	service as that applied for; provided,
	however, that in the event the indebtedness of the applicant for service is in dispute, the applicant shall be served upon
	complying with the applicable deposit requirement.
	(iii) Refusal to make deposit. For refusal to make a deposit if applicant is required to make
	a deposit under these rules.
	(B) Applicant's recourse. In the event that the utility shall refuse to serve an applicant
	under the provisions of these rules,
	the utility must inform the applicant of the basis of its refusal and that the applicant may file a complaint with the municipal
	regulatory authority or commission, whichever is appropriate.
	(C) Insufficient grounds for refusal to serve. The following shall not constitute sufficient
	cause for refusal of service to a
	present customer or applicant:
	(i) delinquency in payment for service by a previous occupant of the premises to be served;
	(ii) failure to pay for merchandise or charges for nonutility service purchased from the utility;
	(iii) failure to pay a bill to correct previous underbilling due to misapplication of rates more than six months prior to the date of application;
	(iv) violation of the utility's rules pertaining to operation of nonstandard equipment or
	unauthorized attachments which
	interfere with the service of others unless the customer has first been notified and been
	afforded reasonable opportunity to comply with these rules;
	(v) failure to pay a bill of another customer as guarantor thereof unless the guarantee was
	made in writing to the utility as
	a condition precedent to service; and
	(vi) failure to pay the bill of another customer at the same address except where the change
	of customer identity is made
	to avoid or evade payment of a utility bill.
	(4) Discontinuance of service.
	(A) The due date of the bill for utility service shall not be less than 15 days after
	issuance, or such other period of time as
	may be provided by order of the regulatory authority. A bill for utility service is

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 34231
		delinquent if unpaid by the due date.
		(B) A utility may offer an inducement for prompt payment of bills by allowing a discount in
		the amount of 5.0% for
		payment of bills within 10 days after their issuance. This provision shall not apply where it conflicts with existing orders
		or ordinances of the appropriate regulatory authority.
		(C) A customer's utility service may be disconnected if the bill has not been paid or a
		deferred payment plan pursuant to
		paragraph (2)(D) of this section has not been entered into within five working days after the bill has become delinquent
		and proper notice has been given. Proper notice consists of a deposit in the United States
		mail, postage prepaid, or hand delivery to the customer at least five working days prior to the stated date of
		disconnection, with the words
		"Termination Notice" or similar language prominently displayed on the notice. The notice shall be provided in English and
		Spanish as necessary to adequately inform the customer, and shall include the date of
		termination, the hours, address, and telephone number where payment may be made, and a statement that if a health or other
		emergency exists, the
		utility may be contacted concerning the nature of the emergency and the relief available, if any, to meet such emergency.
		(D) Utility service may be disconnected for any of the following reasons:
		(i) failure to pay a delinquent account or failure to comply with the terms of a deferred
		payment plan for installment payment of a delinquent account;
		Falmene et a actingacie account.
		(ii) violation of the utility's rules pertaining to the use of service in a manner which interferes with the service of others or
		the operation of nonstandard equipment, if a reasonable attempt has been made to notify the
		customer and the customer
		is provided with a reasonable opportunity to remedy the situation;
		(iii) failure to comply with deposit or guarantee arrangements where required by paragraph
		(5) of this section;
		(iv) without notice where a known dangerous condition exists for as long as the condition exists;
		(v) tampering with the utility company's meter or equipment or bypassing the same.
		(E) Utility service may not be disconnected for any of the following reasons:
		(i) delinquency in payment for service by a previous occupant of the premises;
		(ii) failure to pay for merchandise or charges for nonutility service by the utility;

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 34231
		(iii) failure to pay for a different type or class of utility service unless fee for such
		service is included on the same bill;
		(iv) failure to pay the account of another customer as guarantor thereof, unless the utility
		has in writing the guarantee as a
		condition precedent to service;
		(v) failure to pay charges arising from an underbilling occurring due to any misapplication of rates more than six months
		prior to the current billings;
		(vi) failure to pay charges arising from an underbilling due to any faulty metering, unless
		the meter has been tampered with or unless such underbilling charges are due;
		with of united such and distributing charges are due?
		(vii) failure to pay an estimated bill other than a bill rendered pursuant to an approved
		meter reading plan, unless the
		utility is unable to read the meter due to circumstances beyond its control.
		(F) Unless a dangerous condition exists, or unless the customer requests disconnection,
		service shall not be
		disconnected on a day, or on a day immediately preceding a day, when personnel of the utility are not available to the
		public for the purpose of making collections and reconnecting service.
		(G) No utility may abandon a customer without written approval from the regulatory authority.
		(H) No utility may discontinue service to a delinquent residential customer permanently
		residing in an individually
		metered dwelling unit when that customer establishes that discontinuance of service will
		result in some person residing at that residence becoming seriously ill if the service is discontinued.
		Any customer seeking to avoid
		termination of service under this section must make a written request supported by a written
		statement from a licensed
		physician. Both the request and the statement must be received by the utility not more than five working days after the
		date of delinquency of the bill. The prohibition against service termination provided by this
		section shall last 20 days from
		the date of receipt by the utility of the request and statement or such lesser period as may
		be agreed upon by the utility and the customer. The customer who makes such request shall sign an installment agreement
		which provides for
		payment of such service along with timely payments for subsequent monthly billings.
		(E) Inplicant denosit
		(5) Applicant deposit.
		(A) Establishment of credit for residential applicants. Each utility may require a
		residential applicant for service to
		satisfactorily establish credit but such establishment of credit shall not relieve the

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 34231
		customer from complying with rules for prompt payment of bills. Subject to these rules, a residential applicant shall not be
		required to pay a deposit
		(i) if the residential applicant has been a customer of any utility for the same kind of service within the last two years and
		is not delinquent in payment of any such utility service account and during the last 12
		consecutive months of service did not have more than one occasion in which a bill for such utility service was paid after
		becoming delinquent and never had
		service disconnected for nonpayment;
		(ii) if the residential applicant furnishes in writing a satisfactory guarantee to secure
		payment of bills for the service required; or
		(iii) if the residential applicant furnishes in writing a satisfactory credit rating by
		appropriate means, including, but not
		limited to, the production of generally acceptable credit cards, letters of credit reference, the names of credit references
		which may be quickly and inexpensively contacted by the utility, or ownership of substantial
		equity.
		(B) Reestablishment of credit. Every applicant who has previously been a customer of the utility and whose service has
		been discontinued for nonpayment of bills shall be required before service is rendered to pay
		all his amounts due the utility or execute a written deferred payment agreement, if offered, and reestablish credit
		as provided in subparagraph
		(A) of this paragraph.
		(C) Amount of deposit and interest for residential service, and exemption from deposit.
		(i) The required deposit shall not exceed an amount equivalent to one-sixth of the estimated
		annual billings. If actual use is at least twice the amount of the estimated billings, a new deposit requirement may be
		calculated and an additional deposit may be required within two days. If such additional deposit is not made, the utility
		may disconnect service under
		the standard disconnection procedure for failure to comply with deposit requirements.
		(ii) All applicants for residential service who are 65 years of age or older will be
		considered as having established credit if such applicant does not have an outstanding account balance with the utility or another
		utility for the same utility service
		which accrued within the last two years. No cash deposit shall be required of such applicant under these conditions.
		(iii) Each utility which requires deposits to be made by its customers shall pay a minimum
		interest on such deposits
		Page 20 of 83

RRC COID: 23	8 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 34231
	according to the rate as established by law. If refund of deposit is made within 30 days of
	receipt of deposit, no interest payment is required. If the utility retains the deposit more than 30 days, payment of
	interest shall be made retroactive to
	the date of deposit.
	(I) Payment of interest to the customer shall be annually or at the time the deposit is
	returned or credited to the
	customer's account.
	(II) The deposit shall cease to draw interest on the date it is returned or credited to the
	customer's account.
	(D) Deposits for temporary or seasonal service and for weekend or seasonal residences. The
	utility may require a deposit sufficient to reasonably protect it against the assumed risk, provided such a policy
	is applied in a uniform and
	nondiscriminatory manner.
	(E) Records of deposits.
	(i) The utility shall keep records to show:
	(I) the name and address of each depositor;
	(II) the amount and date of the deposit; and
	(III) each transaction concerning the deposit.
	(ii) The utility shall issue a receipt of deposit to each applicant from whom a deposit is
	received and shall provide means whereby a depositor may establish claim if the receipt is lost.
	whereby a appositor may establish claim if the receipt is rost.
	(iii) A record of each unclaimed deposit must be maintained for at least four years, during
	which time the utility shall make a reasonable effort to return the deposit.
	(F) Refund of deposit.
	(i) If service is not connected or after disconnection of service, the utility shall promptly
	and automatically refund the
	customer's deposit plus accrued interest on the balance, if any, in excess of the unpaid bills for service furnished. The
	transfer of service from one premise to another within the service area of the utility shall
	not be deemed a disconnection within the meaning of these rules, and no additional deposit may be demanded unless permitted
	by these rules.
	(ii) When the customer has paid bills for service for 12 consecutive residential bills without
	having service disconnected

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 34231
		for nonneument of hill and without having more than two oppasions in which a hill was
		for nonpayment of bill and without having more than two occasions in which a bill was delinguent and when the
		customer is not delinquent in the payment of the current bills, the utility shall promptly and automatically refund the
		deposit plus accrued interest to the customer in the form of cash or credit to a customer's account.
		(G) Upon sale or transfer of utility or company. Upon the sale or transfer of any public utility or operating units thereof,
		the seller shall file with the commission under oath, in addition to other information, a list showing the names and
		addresses of all customers served by such utility or unit who have to their credit a deposit, the date such deposit was
		made, the amount thereof, and the unpaid interest thereon.
		(H) Complaint by applicant or customer. Each utility shall direct its personnel engaged in initial contact with an applicant
		or customer for service seeking to establish or reestablish credit under the provisions of these rules to inform the
		customer, if dissatisfaction is expressed with the utility's decision, of the customer's right to file a complaint with the
		regulatory authority thereon.
		(6) Billing.
		(A) Bills for gas service shall be rendered monthly, unless otherwise authorized or unless service is rendered for a period
		less than a month. Bills shall be rendered as promptly as possible following the reading of meters.
		(B) The customer's bill must show all the following information. The information must be arranged and displayed in such
		a manner as to allow the customer to compute his bill with the applicable rate schedule. The applicable rate schedule
		must be mailed to the customer on request of the customer. A utility may exhaust its present stock of nonconforming bill
		forms before compliance is required by this section:
		(i) if the meter is read by the utility, the date and reading of the meter at the beginning and end of the period for which rendered;
		(ii) the number and kind of units billed;
		(iii) the applicable rate schedule title or code;
		(iv) the total base bill;
		(v) the total of any adjustments to the base bill and the amount of adjustments per billing unit;

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:		RRC TARIFF NO: 34231
TARIFI CODE.	05	KKC IAKIFF NO. 51251
		(vi) the date by which the customer must pay the bill to get prompt payment discount;
		(vii) the total amount due before and after any discount for prompt payment within a
		designated period;
		(viii) a distinct marking to identify an estimated bill.
		(C) Where there is good reason for doing so, estimated bills may be submitted, provided that
		an actual meter reading is
		taken at least every six months. For the second consecutive month in which the meter reader
		is unable to gain access to the premises to read the meter on regular meter reading trips, or in months where meters are
		not read otherwise, the
		utility must provide the customer with a postcard and request that the customer read the
		meter and return the card to the
		utility if the meter is of a type that can be read by the customer without significant inconvenience or special tools or
		equipment. If such a postcard is not received by the utility in time for billing, the utility
		may estimate the meter reading
		and render the bill accordingly.
		(D) Disputed bills.
		(i) In the event of a dispute between the customer and the utility regarding the bill, the
		utility must forthwith make such
		investigation as is required by the particular case and report the results thereof to the customer. If the customer wishes to
		obtain the benefits of clause (ii) of this subparagraph, notification of the dispute must be
		given to the utility prior to the
		date the bill becomes delinquent. In the event the dispute is not resolved, the utility shall
		inform the customer of the complaint procedures of the appropriate regulatory authority.
		(ii) Notwithstanding any other subsection of this section, the customer shall not be required
		to pay the disputed portion of the bill which exceeds the amount of that customer's average usage for the billing period
		at current rates until the
		earlier of the following: resolution of the dispute or the expiration of the 60-day period
		beginning on the day the disputed
		bill is issued. For purposes of this section only, the customer's average usage for the billing period shall be the average of
		the customer's usage for the same billing period during the preceding two years. Where no
		previous usage history exists,
		the average usage shall be estimated on the basis of usage levels of similar customers and
		under similar conditions.
		(7) Meters.
		(A) Meter requirements.

RRC COID: 23	8 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 34231
	(i) Use of meter. All gas sold by a utility must be charged for by meter measurements, except
	where otherwise provided
	for by applicable law, regulation of the regulatory authority, or tariff.
	(ii) Installation by utility. Unless otherwise authorized by the regulatory authority, each
	utility must provide and install and
	will continue to own and maintain all meters necessary for measurement of gas delivered to
	its customers.
	(iii) Standard tume. No utility may furnigh got up or put in use any motor which is not
	(iii) Standard type. No utility may furnish, set up, or put in use any meter which is not reliable and of a standard type
	which meets generally accepted industry standards; provided, however, special meters not
	necessarily conforming to
	such standard types may be used for investigation, testing, or experimental purposes.
	(B) Meter records. Each utility must keep the following records:
	(i) Meter equipment records. Each utility must keep a record of all its meters, showing the
	customer's address and date
	of the last test.
	(ii) Records of meter tests. All meter tests must be properly referenced to the meter record
	provided for therein. The
	record of each test made on request of a customer must show the identifying number and constants of the meter, the
	standard meter and other measuring devices used, the date and kind of test made, by whom
	made, the error (or
	percentage of accuracy) at each load tested, and sufficient data to permit verification of
	all calculations.
	(iii) Meter readingsmeter unit location. In general, each meter must indicate clearly the
	units of service for which charge
	is made to the customer.
	(iv) Meter tests on request of customer.
	(I) Each utility must, upon request of a customer, make a test of the accuracy of the meter
	serving that customer. The
	utility must inform the customer of the time and place of the test and permit the customer or
	his authorized representative
	to be present if the customer so desires. If no such test has been performed within the
	previous four years for the same
	customer at the same location, the test is to be performed without charge. If such a test has been performed for the
	been performed for the same customer at the same location within the previous four years, the utility is entitled to
	charge a fee for the test not to
	exceed \$15 or such other fee for the testing of meters as may be set forth in the utility's
	tariff properly on file with the
	regulatory authority. The customer must be properly informed of the result of any test on a
	meter that serves him.

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 34231
		(II) Notwithstanding subclause (I) of this clause, if the meter is found to be more than nominally defective, to either the
		customer's or the utility's disadvantage, any fee charged for a meter test must be refunded
		to the customer. More than
		nominally defective means a deviation of more than 2.0% from accurate registration.
		(v) Bill adjustments due to meter error.
		(I) If any meter test reveals a meter to be more than nominally defective, the utility must
		correct previous readings
		consistent with the inaccuracy found in the meter for the period of either:
		(-a-) the last six months; or
		(-b-) the last test of the meter, whichever is shorter. Any resulting underbillings or overbillings are to be corrected in
		subsequent bills, unless service is terminated, in which event a monetary adjustment is to be
		made. This requirement for a correction may be foregone by the utility if the error is to the utility's disadvantage.
		(II) If a meter is found not to register for any period of time, the utility may make a charge for units used but not metered
		for a period not to exceed three months previous to the time the meter is found not to be
		registering. The determination of amounts used but not metered is to be based on consumption during other like periods by
		the same customer at the
		same location, when available, and on consumption under similar conditions at the same location or of other similarly
		situated customers, when not available.
7.45b		(8) New construction.
		(A) Standards of construction. Each utility is to construct, install, operate, and maintain
		its plant, structures, equipment,
		and lines in accordance with the provisions of such codes and standards as are generally
		accepted by the industry, as modified by rule or regulation of the regulatory authority or otherwise by law, and in such
		manner to best accommodate
		the public and to prevent interference with service furnished by other public utilities
		insofar as practical.
		(B) Line extension and construction charges. Every utility must file its extension policy.
		The policy must be consistent, nondiscriminatory, and is subject to the approval of the regulatory authority. No
		contribution in aid of construction may
		be required of any customer except as provided for in extension policy.
		(C) Response to request for service. Every gas utility must serve each qualified applicant

RRC COID:	238 (COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 34231
	e r c	for service within its service area as rapidly as practical. As a general policy, those applications not involving line extensions or new facilities should be filled within seven working days. Those applications for individual residential service requiring line extensions should be filled within 90 days unless unavailability of materials or other causes beyond the control of the utility result in unavoidable delays. In the event that residential service is delayed in excess of 90 days after an applicant has met credit
	с	requirements and made satisfactory arrangements for payment of any required construction charges, a report must be made to the regulatory authority listing the name of the applicant, location, and cause for delay. Unless such delays are due to causes which are reasonably beyond the control of the utility, a delay in excess of 90
	Ċ	days may be found to constitute a refusal to serve.
	3	Source Note: The provisions of this Section 7.45 adopted to be effective June 26, 1977, 2 TexReg 2371; amended to be effective March 30, 1983, 8 TexReg 887; amended to be effective September 25, 1987, 12 TexReg 3040; amended to be effective September 21, 1998, 23 TexReg 9543.
7.460	F	TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 7 GAS SERVICES SUBCHAPTER D CUSTOMER SERVICE AND PROTECTION RULE 7.460 Suspension of Gas Utility Service Disconnection During an Extreme Weather Emergency Extreme
	C C 1 ? n W Y	(a) Applicability and scope. This rule applies to gas utilities, as defined in Texas Utilities Code, ? 101.003(7) and ?121.001, and to owners, operators, and managers of mobile home parks or apartment houses who purchase natural gas through a master meter for delivery to a dwelling unit in a mobile home park or apartment house, pursuant to Texas Utilities Code, ??124.001- 124.002, within the jurisdiction of the Railroad Commission pursuant to Texas Utilities Code, ? 102.001. For purposes of this section, all such gas utilities and owners, operators and managers of master meter systems shall be referred to as "providers." Providers shall comply with the following service standards. A gas distribution utility shall file amended service rules incorporating these standards with the Railroad Commission in the manner prescribed by law.
	r c (F ł	 (b) Disconnection prohibited. Except where there is a known dangerous condition or a use of natural gas service in a manner that is dangerous or unreasonably interferes with service to others, a provider shall not disconnect natural gas service to: (1) a delinquent residential customer during an extreme weather emergency. An extreme weather emergency means a day when the previous day's highest temperature did not exceed 32 degrees Fahrenheit and the temperature is predicted to remain at or below that level for the next 24 hours according to the nearest National Weather Station for the county where the customer takes service. 2) a delinquent residential customer for a billing period in which the provider receives a

RRC COID: 238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 34231
	written pledge, letter of intent, purchase order, or other written notification from an energy assistance provider that it is forwarding sufficient payment to continue service; or (3) a delinquent residential customer on a weekend day, unless personnel or agents of the provider are available for the purpose of receiving payment or making collections and reconnecting service.
	(c) Payment plans. Providers shall defer collection of the full payment of bills that are due during an extreme weather emergency until after the emergency is over, and shall work with customers to establish a payment schedule for deferred bills as set forth in ?7.45 of this title (relating to Quality of Service).
	 (d) Notice. Beginning in the September or October billing periods utilities and owners, operators, or managers of master metered systems shall give notice as follows: (1) Each utility shall provide a copy of this rule to the social services agencies that distribute funds from the Low Income Home Energy Assistance Program within the utility's service area.
	(2) Each utility shall provide a copy of this rule to any other social service agency of which the provider is aware that provides financial assistance to low income customers in the utility's service area.
	 (3) Each utility shall provide a copy of this rule to all residential customers of the utility and customers who are owners, operators, or managers of master metered systems. (4) Owners, operators, or managers of master metered systems shall provide a copy of this rule to all of their customers.
	(e)In addition to the minimum standards specified in this section, providers may adopt additional or alternative requirements if the provider files a tariff with the Commission pursuant to ?7.315 of this title (relating to Filing of Tariffs). The Commission shall review the tariff to ensure that at least the minimum standards of this section are met.

	Markham Gas Corporation Rate Schedule
	Commercial Unincorporated
	APPLICATION OF SCHEDULE
	This schedule applies to all COMMERCIAL customers in the unincorporated of the
	Markham, Matagorda County, Texas, receiving gas service through a meter from
	Markham Gas, Corp., and 1) who do not use gas for domestic purposes and 2) who do
	not use gas for large commercial purposes. Natural gas supplied hereunder is for the individual use of the customer at one point of delivery and shall not be resold
	or shared with others. Where proposed service to a customer does not exist,
	additional charges and other arrangements with customer will be required prior to
	service being provided.
	Service under this rate schedule shall be furnished in accordance with the
	Commissions Special Rules of Practice and Procedures and Substantive Rules, as such
	rules may be amended from time to time.
	MONTHLY RATE
	The monthly rate for each customer receiving service shall be the sum of:
	1. a monthly customer charge, plus
	2. a commodity or demand rate per MCF of consumption, plus
	3. a cost of gas adjustment calculated per MCF of consumption, plus
	4. authorized taxes and other surcharges
	MONTHLY CUSTOMER CHARGE:
	The monthly customer charge shall be \$28.00.
	MONTHLY COMMODITY RATE:
	The price payable by each commercial customer for all consumption each month shall
	be \$7.12 per MCF.
	COST OF GAS:
	The customer's bill shall be adjusted based on the Company's Cost of Gas schedule.
	TAXES:
	Taxes: Plus applicable taxes and fees related to above in accordance with the
	provisions of Rate Schedule Taxes.
	PIPELINE SAFETY AND REGULATORY PROGRAM FEE:

	RATE CASE EXPENSE SURCHARGE:
	Rate Case Expense Rider: Adjustments in accordance with provisions of the Rate Case
	Expense Surcharge Rider, Rate Schedule RCE.
	PAYMENT:
	All bills shall be delinquent unless payment is received within fifteen (15) days
	from the date of the bill.
	Effective for meters read on or after: 08/30/2022
Rate Case Expense	
	Markham Gas Corporation
	Rate Schedule
	Rate Case Expense (RCE) Surcharge
	APPLICATION OF SCHEDULE
	This schedule is applicable to any customer served under Residential, Commercial,
	or Large Commercial rate schedules in the unincorporated of Markham, Matagorda
	County, Texas, served by Markham Gas, Corp., filed March 7, 2022, Docket No. OS-22- 00008970. This schedule is for the recovery of rate case expenses and shall be in
	effect beginning on or after August 30, 2022.
	MONTHLY RATE CASE EXPENSE RECOVERY FACTOR The rate payable shall be \$1.17 per Mcf as a separate line item on the customer's
	bill.
	Pursuant to the Final Order in Docket No. OS-22-00008970, Markham is authorized to
	recover a total of \$22,800 in rate case expenses from unincorporated customers
	identified by a surcharge at the rate of \$1.17 per Md for a period of approximately 36 months commencing August 30, 2022 until approved rate case expenses in the
	amount of \$22,800 are recovered.
	RULES AND REGULATIONS Service under this schedule shall be furnished in accordance with the Company's
	Quality of Service Rules; as such rules may be amended from time to time. A copy of
	the Company's Quality of Service Rules can be found on file with the Railroad
	Commission of Texas.
	COMPLIANCE
	The Company shall file an annual rate case expense report with the Gas Services
	Department on or before April pt of each year showing the beginning balance of the
	unrecovered rate case expense at January 1st, the amount recovered by customer
	class by month during the previous calendar year and the ending balance as of December 31st,
	Upon completion of the rate case expense recovery, Markham Gas, Corp. shall file a final rate case expense report within 60 days after the last billing cycle
	recovered from customers. No interest will accumulate on the outstanding balance.

	Markham Gas Corporation Rate Schedule TAXES
	TAXES:
	The Company shall recover other surcharges as authorized by federal, state, and
	local regulatory authorities in accordance with applicable statutes, laws,
	regulations, ordinances, orders, rules, contracts, or agreements as a separate line item on the customer's bill.
	Effective for meters read on or after: 8/30/2022
Cost of Gas	
	Markham Gas Corporation
	Rate Schedule
	Cost of Gas
	Applicability:
	This adjustment is applicable to all customers served by the utility, except for
	customers purchasing gas under a negotiated contract.
	Purchased Gas Adjustment:
	The monthly Purchased Gas Adjustment (PGA) shall be the cost of gas billed to the
	utility by the supplier(s) of gas to the system. The cost of gas shall be expressed
	in a per Mcf format by dividing the total amount purchased, plus all gas related
	costs from the supplier and third parties, in dollars by the amount of volume in Mcf purchased. The product, or Weighted Average Cost of Gas (WACOG), shall be
	called the PGA and billed to the customer per Mcf, or fraction thereof, consumed
	each month. The PGA shall be calculated using actual amounts invoiced and billed by
	the supplier for the same approximate period that meters are read, i.e., amounts
	invoiced and billed by the supplier in January will by applied to meters read in
	January and billed to the customer in the following month. The Base Cost of Gas is \$0.00 per Mcf.
	40.00 FCL 102.
	Any adjustment, refund and/or billing correction received by the utility for a
	prior period shall be included in the current month's PGA calculation. The utility
	shall limit recovery of Lost and Unaccounted Gas (LUG) to actual, not to exceed a
	maximum of 5%, calculated each year for the twelve months ended June 30. In no case

RRC COID: 238	3 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 36330
RATE SCHEDULE	
SCHEDULE ID	DESCRIPTION
	shall the utility collect more than it's actual expense. Any over or under collection shall be refunded or collected in the following month when discovered by the utility.
	The LUG Factor calculation is based on the following formula: A=[(X*Y)+Z]/Z Where: A=LUG
	X=Gas Purchases in Mcf for the Twelve Months Ending June 30th Y=Percentage
	<gain>/Loss Z=Gas Sales in Mcf for the Twelve Months Ending June 30th</gain>
	Revenue Related Tax Adjustment:
	Each monthly bill, as adjusted above shall also be adjusted by an amount equal to
	the various revenue related taxes or other fees and charges imposed by regulatory
	or governmental authorities. This includes, but is not limited to, Gross Receipts
	taxes, fees, or any other governmental imposition, fees or charges levied that is
	based on any portion of revenues billed by the utility or based on service lines,
	meters or other equipment.

CURTAILMENT	PLAN
PLAN ID	DESCRIPTION
7455	 ?7.455 Curtailment Standards. (a) Definitions. The following words and terms, when used in this section, shall have the following meanings, unless the context clearly indicates otherwise. (1) Balancing authorityThe Electric Reliability Council of Texas or other responsible entity that integrates resource plans ahead of time, maintains electricity demand and resource balance within a balancing authority area, and supports interconnection frequency in real time for a power region in Texas. (2) CommissionThe Railroad Commission of Texas. (3) Curtailment eventWhen a gas utility determines that its ability to deliver gas may become inadequate to support continuous service to firm customers on its system and it reduces deliveries to one or more firm customers. For the purposes of this section, an interruption of delivery or service to interruptible gas customers does not constitute a curtailment event. Prior to reducing deliveries to one or more firm customers, a gas utility interrupts deliveries to interruptible customers pursuant to mutually agreed upon contracts and/or tariffs. (4) Electric generation facilitiesFacilities registered with the applicable balancing authority including bulk power system assets, co-generation facilities, distributed generation, and or backup power systems. (5) Firm or firm deliveriesNatural gas deliveries that are described as firm under a contract or tariff. (6) Gas utilityAn entity that operates a natural gas transmission pipeline system or a
	 local distribution company that is subject to the Commission?s jurisdiction as defined in Texas Utilities Code, Title 3. (7) Human needs customersResidences, hospitals, water and wastewater facilities, police, fire, military and civil defense facilities, and locations where people may congregate in an emergency, such as schools and places of worship. A human needs customer also includes small commercial customers that cannot practicably be curtailed without curtailing human needs. (8) Interruptible or interruptible deliveriesNatural gas deliveries that are not described as firm under a contract or tariff. (b) Applicability. This section takes effect on September 1, 2022. This section applies when any gas utility experiences a curtailment event affecting intrastate service on any of its intrastate natural gas pipelines. When a gas utility experiences a curtailment event, the gas utility shall curtail deliveries according to the priorities listed in subsection (c) of this
	<pre>section unless and until the gas utility has an approved curtailment plan pursuant to subsection (d) of this section. The curtailment priorities in this section apply to sales of natural gas owned by a gas utility and/or deliveries utilizing a gas utility?s transportation capacity. The priorities in this section do not apply to sales of gas owned by an entity that is not a gas utility. The term ?deliveries? in this section includes sales and/or transportation service. (c) Priorities. (1) Unless a gas utility has an approved curtailment plan pursuant to subsection (d) of this section a gas utility shall apply the following priorities in descending order during a</pre>
	<pre>section, a gas utility shall apply the following priorities in descending order during a curtailment event: (A) firm deliveries to human needs customers and firm deliveries of natural gas to local distribution systems which serve human needs customers; (B) firm deliveries to electric generation facilities; (C) firm deliveries to industrial and commercial users of the minimum natural gas required to prevent physical harm and/or ensure critical safety to the plant facilities, to plant personnel, or the public when such protection cannot be achieved through the use of an alternate fuel;</pre>

RC COID:	238 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS RRC TARIFF NO: 36330
	(D) firm deliveries of natural gas to small industrials and regular commercial loads that use less than 3,000 Mcf per day;
	 (E) firm deliveries to large industrial and commercial users for fuel or as a raw material where an alternate fuel or raw material cannot be used and operation and plant production would be curtailed or shut down completely when natural gas is curtailed; (F) firm deliveries to large industrial and commercial users for fuel or as a raw material where an alternate fuel or raw material can be used and operation and plant production would be curtailed or shut down completely when natural gas is curtailed;
	(G) firm deliveries to customers that are not covered by the priorities listed in
	subparagraphs (A) - (F) of this paragraph.
	(2) Deliveries to customers within the same priority on the portion of the system which is subject to curtailment shall be curtailed to the extent practicable on a pro rata basis according to scheduled quantities. If a customer's end-use requirements fall under two or more priorities, then such requirements must be treated separately when applying this schedule of priorities to the extent practicable. Transportation customers have equivalent end-use
	priorities as sales customers.
	(3) When applying the priorities of this section, a gas utility may rely on the representations of its customers and/or their end users regarding the nature of customers? deliveries.
	 (d) Curtailment plans. Order 489 and any curtailment plan approved by the Commission prior to the effective date of this section is superseded by this section. A gas utility may file its own curtailment plan for approval with the Oversight and Safety Division. A gas utility shall follow the priorities listed in subsection (c) of this section unless and until the gas utility has an approved curtailment plan on file with the Commission. The first three priorities in any individual curtailment plan must be consistent with the first three priorities listed in subsection (c)(1)(A) - (C) and (2) of this section. A gas utility shall provide to its customers notice of an application for a curtailment plan. A gas utility shall provide notice on the same day the gas utility files its application with the Commission. The gas utility may provide notice by hand delivery, by first class, certified, registered mail, commercial delivery service, electronic methods, or by such other manner as the Commission may require. The notice shall be in the form prescribed by the Commission. The oversight and Safety Division may administratively approve the curtailment plan if no request for hearing is filed within thirty days of such notice. The Commission shall set the matter for hearing if it receives a timely request for hearing from a customer of the gas utility. (e) Required tariff filings. Within 90 days of the effective date of this section, each gas utility shall electronically file with the Commission, in the manner prescribed by the Commission, tariffs that shall include either: (1) the curtailment plan approved by the Commission as specified in subsection (d) of this section.
	section. (f) Curtailment emergency contact information. Each gas utility shall maintain current curtailment emergency contact information with the Commission and shall submit curtailment emergency contact information on or before November 1 of each year.

QUALITY OF SERV	ICE	
QUAL_SERVICE ID	2	DESCRIPTION
7.45a		SUBSTANTIVE RULES RULE Section 7.45 Quality of Service For gas utility service to residential and small commercial customers, the following minimum service standards shall be applicable in unincorporated areas. In addition, each gas distribution utility is ordered to amend its service rules to include said minimum service standards within the utility service rules applicable to residential and small commercial customers within incorporated areas, but only to the extent that said minimum service standards do not conflict with standards lawfully established within a particular municipality for a gas distribution utility. Said gas distribution utility shall file service rules incorporating said minimum service standards with the Railroad Commission
		<pre>and with the municipalities in the manner prescribed by law. (1) Continuity of service. (A) Service interruptions.</pre>
		 (i) Every gas utility shall make all reasonable efforts to prevent interruptions of service. When interruptions occur, the utility shall reestablish service within the shortest possible time consistent with prudent operating principles so that the smallest number of customers are affected.
		(ii) Each utility shall make reasonable provisions to meet emergencies resulting from failure of service, and each utility shall issue instructions to its employees covering procedures to be followed in the event of an emergency in order to prevent or mitigate interruption or impairment of service.
		(iii) In the event of national emergency or local disaster resulting in disruption of normal service, the utility may, in the public interest, interrupt service to other customers to provide necessary service to civil defense or other emergency service agencies on a temporary basis until normal service to these agencies can be restored.
		(B) Record of interruption. Except for momentary interruptions which do not cause a major disruption of service, each utility shall keep a complete record of all interruptions, both emergency and scheduled. This record shall show the cause of interruptions, date, time duration, location, approximate number of customers affected, and, in cases of emergency interruptions, the remedy and steps taken to prevent recurrence.
		(C) Report to commission. The commission shall be notified in writing within 48 hours of interruptions in service affecting the entire system or any major division thereof lasting more than four hours. The notice
		Page 39 of 83

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 36330
		shall also state the cause of such interruption is reported to the commission otherwise (for
		example, as a curtailment report or
		safety report), such other report is sufficient to comply with the terms of this paragraph.
		(2) Customer relations.
		(A) Information to customers. Each utility shall:
		(i) maintain a current set of maps showing the physical locations of its facilities. All distribution facilities shall be labeled
		to indicate the size or any pertinent information which will accurately describe the
		utility's facilities. These maps, or such other maps as may be required by the regulatory authority, shall be kept by the utility in a
		central location and will be
		available for inspection by the regulatory authority during normal working hours. Each
		business office or service center shall have available up-to-date maps, plans, or records of its immediate area, with such
		other information as may be
		necessary to enable the utility to advise applicants and others entitled to the information
		as to the facilities available for serving that locality;
		(ii) assist the customer or applicant in selecting the most economical rate schedule;
		(iii) in compliance with applicable law or regulations, notify customers affected by a change
		in rates or schedule or classification;
		(iv) post a notice in a conspicuous place in each business office of the utility where
		applications for service are received
		informing the public that copies of the rate schedules and rules relating to the service of the utility as filed with the
		commission are available for inspection;
		(v) upon request inform its customers as to the method of reading meters;
		(vi) provide to new customers, at the time service is initiated or as an insert in the first billing, a pamphlet or information
		packet containing the following information. This information shall be provided in English
		and Spanish as necessary to
		adequately inform the customers; provided, however, the regulatory authority upon application
		and a showing of good cause may exempt the utility from the requirement that the information be provided in
		Spanish:
		(I) the customer's right to information concerning rates and services and the customer's
		right to inspect or obtain at reproduction cost a copy of the applicable tariffs and service rules;
		reproduction cost a copy of the applicable tariffs and service fulles,
		Page 40 of 83

TARIFF CODE: DS RRC TARIFF NO: 36330 (II) the customer's right to have his or her meter checked without charge under paragraph (7 of this section, if applicable; (III) the time allowed to pay outstanding bills; (TW) means le for termination of apprication.
of this section, if applicable; (III) the time allowed to pay outstanding bills;
(IV) grounds for termination of service;
(V) the steps the utility must take before terminating service;
(VI) how the customer can resolve billing disputes with the utility and how disputes and health emergencies may affect termination of service;
(VII) information on alternative payment plans offered by the utility;
(VIII) the steps necessary to have service reconnected after involuntary termination;
(IX) the appropriate regulatory authority with whom to register a complaint and how to contact such authority;
(X) the hours, addresses, and telephone numbers of utility offices where bills may be paid and information may be obtained; and
(XI) the customer's right to be instructed by the utility how to read his or her meter;
<pre>(vii) at least once each calendar year, notify customers that information is available upon request, at no charge to the customer, concerning the items listed in clause (vi)(I)-(XI) of this subparagraph. This notice may be accomplished by use of a billing insert or a printed statement upon the bill itself.</pre>
(B) Customer complaints. Upon complaint to the utility by residential or small commercial customers either at its office, by letter, or by telephone, the utility shall promptly make a suitable investigation and advise the complainant of the results thereof. If shall keep a record of all complaints which shall show the name and address of the complainant, the date and nature of the complaint, and the adjustment or disposition thereof for a period of one year subsequent to the final disposition of the complaint.
(C) Utility response. Upon receipt of a complaint, either by letter or by telephone, from the regulatory authority on behalf of a customer, the utility shall make a suitable investigation and advise the regulatory authority and complainant of the results thereof. An initial response must be made by the next working day. The utility must make a final and complete response within 15 days from the date of the complaint, unless additional time is granted

RRC COID: 238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 36330
	within the 15-day period. The commission encourages all customer complaints to be made in writing to assist the regulatory
	authority in maintaining
	records of the quality of service of each utility; however, telephone communications will be acceptable.
	(D) Deferred payment plan. The utility is encouraged to offer a deferred payment plan for delinquent residential
	accounts. If such a plan is offered, it shall conform to the following guidelines:
	(i) Every deferred payment plan entered into due to the customer's inability to pay the outstanding bill in full must provide
	that service will not be discontinued if the customer pays current bills and a reasonable amount of the outstanding bill and
	agrees to pay the balance in reasonable installments until the bill is paid.
	(ii) For purposes of determining reasonableness under these rules, the following shall be considered: size of delinquent
	account; customer's ability to pay; customer's payment history; time that the debt has been outstanding; reasons why
	debt has been outstanding; and other relevant factors concerning the circumstances of the customer.
	(iii) A deferred payment plan, if reduced to writing, offered by a utility shall state, immediately preceding the space
	provided for the customer's signature and in bold-face print at least two sizes larger than any other used, that: "If you are
	not satisfied with this agreement, do not sign. If you are satisfied with this agreement, you give up your right to dispute
	the amount due under the agreement except for the utility's failure or refusal to comply with the terms of this agreement."
	(iv) A deferred payment plan may include a one-time 5.0% penalty for late payment on the original amount of the
	outstanding bill with no prompt payment discount allowed except in cases where the outstanding bill is unusually high as
	a result of the utility's error (such as an inaccurately estimated bill or an incorrectly read meter). A deferred payment plan
	shall not include a finance charge.
	(v) If a customer for utility service has not fulfilled terms of a deferred payment agreement
	or refuses to sign the same if it is reduced to writing, the utility shall have the right to disconnect pursuant to disconnection rules herein and, under such
	circumstances, it shall not be required to offer a subsequent negotiation of a deferred
	payment agreement prior to disconnection.
	(vi) Any utility which institutes a deferred payment plan shall not refuse a customer participation in such a program on the

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 36330
		basis of race, color, creed, sex, marital status, age, or any other form of discrimination prohibited by law.
		(E) Delayed payment of bills by elderly persons.
		(i) Applicability. This subparagraph applies only to:
		(I) a utility that assesses late payment charges on residential customers and that suspends service before the 26th day
		after the date of the bill for which collection action is taken;
		(II) utility bills issued on or after August 30, 1993; and
		(III) an elderly person, as defined in clause (ii) of this subparagraph, who is a residential customer and who occupies the
		entire premises for which a delay is requested.
		(ii) Definitions.
		(I) Elderly personA person who is 60 years of age or older.
		(II) UtilityA gas utility or municipally owned utility, as defined in Texas Utilities Code, Sections 101.003(7), 101.003(8), and 121.001-121.006.
		(iii) An elderly person may request that the utility implement the delay for either the most recent utility bill or for the most recent utility bill and each subsequent utility bill.
		(iv) On request of an elderly person, a utility shall delay without penalty the payment date of a bill for providing utility
		services to that person until the 25th day after the date on which the bill is issued.
		(v) The utility may require the requesting person to present reasonable proof that the person is 60 years of age or older.
		(vi) Every utility shall notify its customers of this delayed payment option no less often than yearly. A utility may include this notice with other information provided pursuant to subparagraph (A) of this paragraph.
		(3) Refusal of service.
		(A) Compliance by applicant. Any utility may decline to serve an applicant for whom service is available from previously installed facilities until such applicant has complied with the state and municipal regulations and approved rules and
		regulations of the utility on file with the commission governing the service applied for or for the following reasons.
		(i) Applicant's facilities inadequate. If the applicant's installation or equipment is known

RRC COID: 238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 36330
	to be hazardous or of such character that satisfactory service cannot be given.
	(ii) For independence. If the applicant is independ to any utility for the same kind of
	(ii) For indebtedness. If the applicant is indebted to any utility for the same kind of service as that applied for; provided,
	however, that in the event the indebtedness of the applicant for service is in dispute, the applicant shall be served upon
	complying with the applicable deposit requirement.
	(iii) Refusal to make deposit. For refusal to make a deposit if applicant is required to make
	a deposit under these rules.
	(B) Applicant's recourse. In the event that the utility shall refuse to serve an applicant
	under the provisions of these rules, the utility must inform the applicant of the basis of its refusal and that the applicant may
	file a complaint with the municipal
	regulatory authority or commission, whichever is appropriate.
	(C) Insufficient grounds for refusal to serve. The following shall not constitute sufficient cause for refusal of service to a
	present customer or applicant:
	(i) delinquency in payment for service by a previous occupant of the premises to be served;
	(ii) failure to pay for merchandise or charges for nonutility service purchased from the utility;
	(iii) failure to pay a bill to correct previous underbilling due to misapplication of rates more than six months prior to the date of application;
	(iv) violation of the utility's rules pertaining to operation of nonstandard equipment or
	unauthorized attachments which interfere with the service of others unless the customer has first been notified and been
	afforded reasonable opportunity
	to comply with these rules;
	(v) failure to pay a bill of another customer as guarantor thereof unless the guarantee was made in writing to the utility as
	a condition precedent to service; and
	(vi) failure to pay the bill of another customer at the same address except where the change
	of customer identity is made to avoid or evade payment of a utility bill.
	(4) Discontinuance of service.
	(A) The due date of the bill for utility service shall not be less than 15 days after
	issuance, or such other period of time as may be provided by order of the regulatory authority. A bill for utility service is

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 36330
		delinquent if unpaid by the due date.
		(B) A utility may offer an inducement for prompt payment of bills by allowing a discount in
		the amount of 5.0% for
		payment of bills within 10 days after their issuance. This provision shall not apply where it conflicts with existing orders
		or ordinances of the appropriate regulatory authority.
		(C) A customer's utility service may be disconnected if the bill has not been paid or a
		deferred payment plan pursuant to paragraph (2)(D) of this section has not been entered into within five working days after the
		bill has become delinquent
		and proper notice has been given. Proper notice consists of a deposit in the United States mail, postage prepaid, or
		hand delivery to the customer at least five working days prior to the stated date of disconnection, with the words
		"Termination Notice" or similar language prominently displayed on the notice. The notice
		shall be provided in English and
		Spanish as necessary to adequately inform the customer, and shall include the date of termination, the hours, address,
		and telephone number where payment may be made, and a statement that if a health or other
		emergency exists, the utility may be contacted concerning the nature of the emergency and the relief available, if
		any, to meet such emergency.
		(D) Utility service may be disconnected for any of the following reasons:
		(i) failure to pay a delinquent account or failure to comply with the terms of a deferred payment plan for installment
		payment of a delinquent account;
		(ii) violation of the utility's rules pertaining to the use of service in a manner which
		interferes with the service of others or the operation of nonstandard equipment, if a reasonable attempt has been made to notify the
		customer and the customer
		is provided with a reasonable opportunity to remedy the situation;
		(iii) failure to comply with deposit or guarantee arrangements where required by paragraph (5) of this section;
		(iv) without notice where a known dangerous condition exists for as long as the condition exists;
		(v) tampering with the utility company's meter or equipment or bypassing the same.
		(E) Utility service may not be disconnected for any of the following reasons:
		(i) delinquency in payment for service by a previous occupant of the premises;
		(ii) failure to pay for merchandise or charges for nonutility service by the utility;
		Dago 45 of 92

RRC COID: 238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 36330
	(iii) failure to pay for a different type or class of utility service unless fee for such service is included on the same bill;
	(iv) failure to pay the account of another customer as guarantor thereof, unless the utility has in writing the guarantee as a condition precedent to service;
	 (v) failure to pay charges arising from an underbilling occurring due to any misapplication of rates more than six months prior to the current billings;
	(vi) failure to pay charges arising from an underbilling due to any faulty metering, unless the meter has been tampered with or unless such underbilling charges are due;
	(vii) failure to pay an estimated bill other than a bill rendered pursuant to an approved meter reading plan, unless the utility is unable to read the meter due to circumstances beyond its control.
	(F) Unless a dangerous condition exists, or unless the customer requests disconnection, service shall not be
	disconnected on a day, or on a day immediately preceding a day, when personnel of the utility are not available to the public for the purpose of making collections and reconnecting service.
	(G) No utility may abandon a customer without written approval from the regulatory authority.
	(H) No utility may discontinue service to a delinquent residential customer permanently residing in an individually
	metered dwelling unit when that customer establishes that discontinuance of service will result in some person residing at that residence becoming seriously ill or more seriously ill if the service is discontinued.
	Any customer seeking to avoid termination of service under this section must make a written request supported by a written
	statement from a licensed physician. Both the request and the statement must be received by the utility not more than five working days after the
	date of delinquency of the bill. The prohibition against service termination provided by this section shall last 20 days from the date of receipt by the utility of the request and statement or such lesser period as may
	be agreed upon by the utility and the customer. The customer who makes such request shall sign an installment agreement which provides for
	which provides for payment of such service along with timely payments for subsequent monthly billings.
	(5) Applicant deposit.
	(A) Establishment of credit for residential applicants. Each utility may require a residential applicant for service to satisfactorily establish credit but such establishment of credit shall not relieve the

RRC COID: 2	38 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: D	DS RRC TARIFF NO: 36330
	customer from complying with rules for
	prompt payment of bills. Subject to these rules, a residential applicant shall not be required to pay a deposit
	(i) if the residential applicant has been a customer of any utility for the same kind of
	service within the last two years and is not delinquent in payment of any such utility service account and during the last 12
	consecutive months of service did not have more than one occasion in which a bill for such utility service was paid after
	becoming delinquent and never had service disconnected for nonpayment;
	(ii) if the residential applicant furnishes in writing a satisfactory guarantee to secure
	payment of bills for the service required; or
	(iii) if the residential applicant furnishes in writing a satisfactory credit rating by
	appropriate means, including, but not limited to, the production of generally acceptable credit cards, letters of credit reference,
	the names of credit references
	which may be quickly and inexpensively contacted by the utility, or ownership of substantial equity.
	(B) Reestablishment of credit. Every applicant who has previously been a customer of the utility and whose service has
	been discontinued for nonpayment of bills shall be required before service is rendered to pay all his amounts due the
	utility or execute a written deferred payment agreement, if offered, and reestablish credit
	as provided in subparagraph (A) of this paragraph.
	(II) OF CHID Paragraph.
	(C) Amount of deposit and interest for residential service, and exemption from deposit.
	(i) The required deposit shall not exceed an amount equivalent to one-sixth of the estimated annual billings. If actual use
	is at least twice the amount of the estimated billings, a new deposit requirement may be
	calculated and an additional deposit may be required within two days. If such additional deposit is not made, the utility
	may disconnect service under
	the standard disconnection procedure for failure to comply with deposit requirements.
	(ii) All applicants for residential service who are 65 years of age or older will be
	considered as having established credit if such applicant does not have an outstanding account balance with the utility or another
	utility for the same utility service
	which accrued within the last two years. No cash deposit shall be required of such applicant under these conditions.
	(iii) Each utility which requires deposits to be made by its customers shall pay a minimum
	interest on such deposits

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 36330
		according to the rate as established by law. If refund of deposit is made within 30 days of
		receipt of deposit, no interest payment is required. If the utility retains the deposit more than 30 days, payment of
		interest shall be made retroactive to
		the date of deposit.
		(I) Payment of interest to the customer shall be annually or at the time the deposit is
		returned or credited to the customer's account.
		(II) The deposit shall cease to draw interest on the date it is returned or credited to the customer's account.
		(D) Deposits for temporary or seasonal service and for weekend or seasonal residences. The utility may require a
		deposit sufficient to reasonably protect it against the assumed risk, provided such a policy
		is applied in a uniform and nondiscriminatory manner.
		(E) Records of deposits.
		(i) The utility shall keep records to show:
		(I) the name and address of each depositor;
		(II) the amount and date of the deposit; and
		(III) each transaction concerning the deposit.
		(ii) The utility shall issue a receipt of deposit to each applicant from whom a deposit is received and shall provide means
		whereby a depositor may establish claim if the receipt is lost.
		(iii) A record of each unclaimed deposit must be maintained for at least four years, during
		which time the utility shall make a reasonable effort to return the deposit.
		(F) Refund of deposit.
		(i) If service is not connected or after disconnection of service, the utility shall promptly and automatically refund the
		customer's deposit plus accrued interest on the balance, if any, in excess of the unpaid
		bills for service furnished. The
		transfer of service from one premise to another within the service area of the utility shall not be deemed a disconnection
		within the meaning of these rules, and no additional deposit may be demanded unless permitted
		by these rules.
		(ii) When the customer has paid bills for service for 12 consecutive residential bills without having service disconnected

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 36330
		for nonpayment of bill and without having more than two occasions in which a bill was
		delinquent and when the customer is not delinquent in the payment of the current bills, the utility shall promptly and automatically refund the
		deposit plus accrued interest to the customer in the form of cash or credit to a customer's account.
		(G) Upon sale or transfer of utility or company. Upon the sale or transfer of any public utility or operating units thereof,
		the seller shall file with the commission under oath, in addition to other information, a list showing the names and
		addresses of all customers served by such utility or unit who have to their credit a deposit, the date such deposit was
		made, the amount thereof, and the unpaid interest thereon.
		(H) Complaint by applicant or customer. Each utility shall direct its personnel engaged in initial contact with an applicant
		or customer for service seeking to establish or reestablish credit under the provisions of these rules to inform the
		customer, if dissatisfaction is expressed with the utility's decision, of the customer's
		right to file a complaint with the regulatory authority thereon.
		(6) Billing.
		(A) Bills for gas service shall be rendered monthly, unless otherwise authorized or unless service is rendered for a period
		less than a month. Bills shall be rendered as promptly as possible following the reading of meters.
		(B) The customer's bill must show all the following information. The information must be arranged and displayed in such
		a manner as to allow the customer to compute his bill with the applicable rate schedule. The applicable rate schedule
		must be mailed to the customer on request of the customer. A utility may exhaust its present stock of nonconforming bill
		forms before compliance is required by this section:
		(i) if the meter is read by the utility, the date and reading of the meter at the beginning and end of the period for which
		rendered;
		(ii) the number and kind of units billed;
		(iii) the applicable rate schedule title or code;
		(iv) the total base bill;
		(v) the total of any adjustments to the base bill and the amount of adjustments per billing unit;

RC COID: 238	3 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 36330
	(vi) the date by which the customer must pay the bill to get prompt payment discount;
	(vii) the total amount due before and after any discount for prompt payment within a designated period;
	(viii) a distinct marking to identify an estimated bill.
	(C) Where there is good reason for doing so, estimated bills may be submitted, provided that an actual meter reading is
	taken at least every six months. For the second consecutive month in which the meter reader is unable to gain access to
	the premises to read the meter on regular meter reading trips, or in months where meters are not read otherwise, the
	utility must provide the customer with a postcard and request that the customer read the meter and return the card to the
	utility if the meter is of a type that can be read by the customer without significant inconvenience or special tools or
	equipment. If such a postcard is not received by the utility in time for billing, the utility may estimate the meter reading and render the bill accordingly.
	(D) Disputed bills.
	(i) In the event of a dispute between the customer and the utility regarding the bill, the utility must forthwith make such
	investigation as is required by the particular case and report the results thereof to the customer. If the customer wishes to
	obtain the benefits of clause (ii) of this subparagraph, notification of the dispute must be given to the utility prior to the
	date the bill becomes delinquent. In the event the dispute is not resolved, the utility shall inform the customer of the
	complaint procedures of the appropriate regulatory authority.
	(ii) Notwithstanding any other subsection of this section, the customer shall not be required to pay the disputed portion
	of the bill which exceeds the amount of that customer's average usage for the billing period at current rates until the
	earlier of the following: resolution of the dispute or the expiration of the 60-day period beginning on the day the disputed
	bill is issued. For purposes of this section only, the customer's average usage for the
	billing period shall be the average of the customer's usage for the same billing period during the preceding two years. Where no
	previous usage history exists, the average usage shall be estimated on the basis of usage levels of similar customers and under similar conditions.
	(7) Meters.
	(A) Meter requirements.

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 36330
		(i) Use of meter. All gas sold by a utility must be charged for by meter measurements, except
		where otherwise provided for by applicable law, regulation of the regulatory authority, or tariff.
		(ii) Installation by utility. Unless otherwise authorized by the regulatory authority, each utility must provide and install and
		will continue to own and maintain all meters necessary for measurement of gas delivered to its customers.
		(iii) Standard type. No utility may furnish, set up, or put in use any meter which is not reliable and of a standard type
		which meets generally accepted industry standards; provided, however, special meters not necessarily conforming to
		such standard types may be used for investigation, testing, or experimental purposes.
		(B) Meter records. Each utility must keep the following records:
		(i) Meter equipment records. Each utility must keep a record of all its meters, showing the customer's address and date of the last test.
		(ii) Records of meter tests. All meter tests must be properly referenced to the meter record
		provided for therein. The record of each test made on request of a customer must show the identifying number and
		constants of the meter, the standard meter and other measuring devices used, the date and kind of test made, by whom
		<pre>made, the error (or percentage of accuracy) at each load tested, and sufficient data to permit verification of all calculations.</pre>
		(iii) Meter readingsmeter unit location. In general, each meter must indicate clearly the units of service for which charge
		is made to the customer.
		(iv) Meter tests on request of customer.
		(I) Each utility must, upon request of a customer, make a test of the accuracy of the meter serving that customer. The
		utility must inform the customer of the time and place of the test and permit the customer or his authorized representative
		to be present if the customer so desires. If no such test has been performed within the previous four years for the same
		customer at the same location, the test is to be performed without charge. If such a test has been performed for the
		same customer at the same location within the previous four years, the utility is entitled to
		charge a fee for the test not to exceed \$15 or such other fee for the testing of meters as may be set forth in the utility's
		tariff properly on file with the regulatory authority. The customer must be properly informed of the result of any test on a meter that serves him.

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 36330
		(II) Notwithstanding subclause (I) of this clause, if the meter is found to be more than nominally defective, to either the
		customer's or the utility's disadvantage, any fee charged for a meter test must be refunded
		to the customer. More than nominally defective means a deviation of more than 2.0% from accurate registration.
		nominally delective means a deviation of more than 2.0% from accurate registration.
		(v) Bill adjustments due to meter error.
		(I) If any meter test reveals a meter to be more than nominally defective, the utility must
		correct previous readings
		consistent with the inaccuracy found in the meter for the period of either:
		(-a-) the last six months; or
		(-b-) the last test of the meter, whichever is shorter. Any resulting underbillings or overbillings are to be corrected in
		subsequent bills, unless service is terminated, in which event a monetary adjustment is to be
		made. This requirement for
		a correction may be foregone by the utility if the error is to the utility's disadvantage.
		(II) If a meter is found not to register for any period of time, the utility may make a
		charge for units used but not metered for a period not to exceed three months previous to the time the meter is found not to be
		registering. The determination
		of amounts used but not metered is to be based on consumption during other like periods by the same customer at the
		same location, when available, and on consumption under similar conditions at the same
		location or of other similarly situated customers, when not available.
		Sicurca cascomers, when not available.
7.45b		(8) New construction.
		(A) Standards of construction. Each utility is to construct, install, operate, and maintain
		its plant, structures, equipment,
		and lines in accordance with the provisions of such codes and standards as are generally accepted by the industry, as
		modified by rule or regulation of the regulatory authority or otherwise by law, and in such
		manner to best accommodate the public and to prevent interference with service furnished by other public utilities
		insofar as practical.
		(B) Line extension and construction charges. Every utility must file its extension policy.
		The policy must be consistent,
		nondiscriminatory, and is subject to the approval of the regulatory authority. No contribution in aid of construction may
		be required of any customer except as provided for in extension policy.
		(C) Response to request for service. Every gas utility must serve each qualified applicant

RRC COID: 2	38 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: D	S RRC TARIFF NO: 36330
	for service within its service area as rapidly as practical. As a general policy, those applications not involving line extensions or new facilities should be filled within seven working days. Those applications for individual residential service requiring line extensions should be filled within 90 days unless unavailability of materials or other causes beyond the
	control of the utility result in unavoidable delays. In the event that residential service is delayed in excess of 90 days after an applicant has met credit
	requirements and made satisfactory arrangements for payment of any required construction charges, a report must be
	made to the regulatory authority listing the name of the applicant, location, and cause for delay. Unless such delays are due to causes which are reasonably beyond the control of the utility, a delay in excess of 90
	days may be found to constitute a refusal to serve.
	Source Note: The provisions of this Section 7.45 adopted to be effective June 26, 1977, 2 TexReg 2371; amended to be effective March 30, 1983, 8 TexReg 887; amended to be effective September 25, 1987, 12 TexReg 3040; amended to
	be effective September 21, 1998, 23 TexReg 9543.
7.460	TITLE 16ECONOMIC REGULATIONPART 1RAILROAD COMMISSION OF TEXAS
	CHAPTER 7 GAS SERVICES SUBCHAPTER D CUSTOMER SERVICE AND PROTECTION RULE 7.460 Suspension of Gas Utility Service Disconnection During an Extreme Weather Emergency
	(a) Applicability and scope. This rule applies to gas utilities, as defined in Texas Utilities Code, ? 101.003(7) and ?121.001, and to owners, operators, and managers of mobile home parks or apartment houses who purchase natural gas through a master meter for delivery to a dwelling unit in a mobile home park or apartment house, pursuant to Texas Utilities Code, ??124.001-124.002, within the jurisdiction of the Railroad Commission pursuant to Texas Utilities Code, ? 102.001. For purposes of this section, all such gas utilities and owners, operators and managers of master meter systems shall be referred to as "providers." Providers shall comply with the following service standards. A gas distribution utility shall file amended service rules incorporating these standards with the Railroad Commission in the manner prescribed by law.
	 (b) Disconnection prohibited. Except where there is a known dangerous condition or a use of natural gas service in a manner that is dangerous or unreasonably interferes with service to others, a provider shall not disconnect natural gas service to: (1) a delinquent residential customer during an extreme weather emergency. An extreme weather emergency means a day when the previous day's highest temperature did not exceed 32 degrees Fahrenheit and the temperature is predicted to remain at or below that level for the next 24
	hours according to the nearest National Weather Station for the county where the customer takes service. 2) a delinquent residential customer for a billing period in which the provider receives a

RRC COID: 238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 36330
	written pledge, letter of intent, purchase order, or other written notification from an energy assistance provider that it is forwarding sufficient payment to continue service; or (3) a delinquent residential customer on a weekend day, unless personnel or agents of the provider are available for the purpose of receiving payment or making collections and reconnecting service.
	(c) Payment plans. Providers shall defer collection of the full payment of bills that are due during an extreme weather emergency until after the emergency is over, and shall work with customers to establish a payment schedule for deferred bills as set forth in ?7.45 of this title (relating to Quality of Service).
	 (d) Notice. Beginning in the September or October billing periods utilities and owners, operators, or managers of master metered systems shall give notice as follows: (1) Each utility shall provide a copy of this rule to the social services agencies that distribute funds from the Low Income Home Energy Assistance Program within the utility's service area.
	(2) Each utility shall provide a copy of this rule to any other social service agency of which the provider is aware that provides financial assistance to low income customers in the utility's service area.
	 (3) Each utility shall provide a copy of this rule to all residential customers of the utility and customers who are owners, operators, or managers of master metered systems. (4) Owners, operators, or managers of master metered systems shall provide a copy of this rule to all of their customers.
	(e)In addition to the minimum standards specified in this section, providers may adopt additional or alternative requirements if the provider files a tariff with the Commission pursuant to ?7.315 of this title (relating to Filing of Tariffs). The Commission shall review the tariff to ensure that at least the minimum standards of this section are met.

	Markham Gas Corporation	
	Rate Schedule	
	Rate Case Expense (RCE) Surcharge	
	APPLICATION OF SCHEDULE	
	This schedule is applicable to any customer served under Residential, Commercial,	
	or Large Commercial rate schedules in the unincorporated of Markham, Matagorda	
	County, Texas, served by Markham Gas, Corp., filed March 7, 2022, Docket No. OS-22-	
	00008970. This schedule is for the recovery of rate case expenses and shall be in	
	effect beginning on or after August 30, 2022.	
	MONTHLY RATE CASE EXPENSE RECOVERY FACTOR	
	The rate payable shall be \$1.17 per Mcf as a separate line item on the customer's	
	bill.	
	Pursuant to the Final Order in Docket No. OS-22-00008970, Markham is authorized to recover a total of \$22,800 in rate case expenses from unincorporated customers	
	identified by a surcharge at the rate of \$1.17 per Md for a period of approximately	
	36 months commencing August 30, 2022 until approved rate case expenses in the	
	amount of \$22,800 are recovered.	
	RULES AND REGULATIONS	
	Service under this schedule shall be furnished in accordance with the Company's	
	Quality of Service Rules; as such rules may be amended from time to time. A copy of	
	the Company's Quality of Service Rules can be found on file with the Railroad	
	Commission of Texas.	
	COMPLIANCE	
	The Company shall file an annual rate case expense report with the Gas Services	
	Department on or before April pt of each year showing the beginning balance of the	
	unrecovered rate case expense at January 1st, the amount recovered by customer	
	class by month during the previous calendar year and the ending balance as of	
	December 31st,	
	Upon completion of the rate case expense recovery, Markham Gas, Corp. shall file a	
	final rate case expense report within 60 days after the last billing cycle	
	recovered from customers. No interest will accumulate on the outstanding balance.

RATE SCHEDULE	
SCHEDULE ID	DESCRIPTION
	The Company shall recover other surcharges as authorized by federal, state, and
	local regulatory authorities in accordance with applicable statutes, laws,
	regulations, ordinances, orders, rules, contracts, or agreements as a separate line item on the customer's bill.
	Effective for meters read on or after: 8/30/2022
Cost of Gas	
	Markham Gas Corporation
	Rate Schedule Cost of Gas
	Applicability:
	This adjustment is applicable to all customers served by the utility, except for
	customers purchasing gas under a negotiated contract.
	Purchased Gas Adjustment:
	The monthly Purchased Gas Adjustment (PGA) shall be the cost of gas billed to the
	utility by the supplier(s) of gas to the system. The cost of gas shall be expressed
	in a per Mcf format by dividing the total amount purchased, plus all gas related costs from the supplier and third parties, in dollars by the amount of volume in
	Mcf purchased. The product, or Weighted Average Cost of Gas (WACOG), shall be
	called the PGA and billed to the customer per Mcf, or fraction thereof, consumed
	each month. The PGA shall be calculated using actual amounts invoiced and billed by
	the supplier for the same approximate period that meters are read, i.e., amounts invoiced and billed by the supplier in January will by applied to meters read in
	January and billed to the customer in the following month. The Base Cost of Gas is
	\$0.00 per Mcf.
	Any adjustment, refund and/or billing correction received by the utility for a
	prior period shall be included in the current month's PGA calculation. The utility
	shall limit recovery of Lost and Unaccounted Gas (LUG) to actual, not to exceed a
	maximum of 5%, calculated each year for the twelve months ended June 30. In no case shall the utility collect more than it's actual expense. Any over or under
	collection shall be refunded or collected in the following month when discovered by
	the utility.
	The LUG Factor calculation is based on the following formula:
	A = [(X*Y)+Z]/Z Where:
	A=LUG
	X=Gas Purchases in Mcf for the Twelve Months Ending June 30th Y=Percentage
	<gain>/Loss Z=Gas Sales in Mcf for the Twelve Months Ending June 30th</gain>
	Revenue Related Tax Adjustment:
	Each monthly bill, as adjusted above shall also be adjusted by an amount equal to
	the various revenue related taxes or other fees and charges imposed by regulatory
	or governmental authorities. This includes, but is not limited to, Gross Receipts
	taxes, fees, or any other governmental imposition, fees or charges levied that is

URTAILMENT	PLAN
PLAN ID	DESCRIPTION
7455	 ?7.455 Curtailment Standards. (a) Definitions. The following words and terms, when used in this section, shall have the following meanings, unless the context clearly indicates otherwise. (1) Balancing authorityThe Electric Reliability Council of Texas or other responsible entity that integrates resource plans ahead of time, maintains electricity demand and resource balance within a balancing authority area, and supports interconnection frequency in real time for a power region in Texas. (2) CommissionThe Railroad Commission of Texas. (3) Curtailment eventWhen a gas utility determines that its ability to deliver gas may become inadequate to support continuous service to firm customers on its system and it reduces deliveries to one or more firm customers. For the purposes of this section, an interruption of delivery or service to interruptible gas customers does not constitute a curtailment event. Prior to reducing deliveries to one or more firm customers, a gas utility interrupts deliveries to interruptible customers pursuant to mutually agreed upon contracts and/or tariffs. (4) Electric generation facilitiesFacilities registered with the applicable balancing authority including bulk power system assets, co-generation facilities, distributed generation, and or backup power systems.
	 (5) Firm or firm deliveriesNatural gas deliveries that are described as firm under a contract or tariff. (6) Gas utilityAn entity that operates a natural gas transmission pipeline system or a local distribution company that is subject to the Commission?s jurisdiction as defined in Texas Utilities Code, Title 3. (7) Human needs customersResidences, hospitals, water and wastewater facilities, police, fire, military and civil defense facilities, and locations where people may congregate in an emergency, such as schools and places of worship. A human needs customer also includes small commercial customers that cannot practicably be curtailed without curtailing human needs. (8) Interruptible or interruptible deliveriesNatural gas deliveries that are not described
	as firm under a contract or tariff. (b) Applicability. This section takes effect on September 1, 2022. This section applies when any gas utility experiences a curtailment event affecting intrastate service on any of its intrastate natural gas pipelines. When a gas utility experiences a curtailment event, the gas utility shall curtail deliveries according to the priorities listed in subsection (c) of this section unless and until the gas utility has an approved curtailment plan pursuant to subsection (d) of this section. The curtailment priorities in this section apply to sales of natural gas owned by a gas utility and/or deliveries utilizing a gas utility?s transportation capacity. The priorities in this section do not apply to sales of gas owned by an entity that is not a gas utility. The term ?deliveries? in this section includes sales and/or transportation service.
	 (c) Priorities. (1) Unless a gas utility has an approved curtailment plan pursuant to subsection (d) of this section, a gas utility shall apply the following priorities in descending order during a curtailment event: (A) firm deliveries to human needs customers and firm deliveries of natural gas to local distribution systems which serve human needs customers; (B) firm deliveries to electric generation facilities; (C) firm deliveries to industrial and commercial users of the minimum natural gas required to prevent physical harm and/or ensure critical safety to the plant facilities, to plant personnel, or the public when such protection cannot be achieved through the use of an alternate fuel;

ARIFF CODE:	DS RRC TARIFF NO: 36331
	(D) firm deliveries of natural gas to small industrials and regular commercial loads that use less than 3,000 Mcf per day; (E) firm deliveries to large industrial and commercial users for fuel or as a raw material
	where an alternate fuel or raw material cannot be used and operation and plant production would be curtailed or shut down completely when natural gas is curtailed;
	(F) firm deliveries to large industrial and commercial users for fuel or as a raw material where an alternate fuel or raw material can be used and operation and plant production would be curtailed or shut down completely when natural gas is curtailed; and
	(G) firm deliveries to customers that are not covered by the priorities listed in subparagraphs (A) - (F) of this paragraph.
	(2) Deliveries to customers within the same priority on the portion of the system which is subject to curtailment shall be curtailed to the extent practicable on a pro rata basis according to scheduled quantities. If a customer's end-use requirements fall under two or more priorities, then such requirements must be treated separately when applying this schedule of priorities to the extent practicable. Transportation customers have equivalent end-use priorities as sales customers.
	(3) When applying the priorities of this section, a gas utility may rely on the representations of its customers and/or their end users regarding the nature of customers? deliveries.
	(d) Curtailment plans. Order 489 and any curtailment plan approved by the Commission prior to the effective date of this section is superseded by this section. A gas utility may file its own curtailment plan for approval with the Oversight and Safety Division. A gas utility shall follow the priorities listed in subsection (c) of this section unless and until the gas
	utility has an approved curtailment plan on file with the Commission. The first three priorities in any individual curtailment plan must be consistent with the first three priorities listed in subsection $(c)(1)(A) - (C)$ and (2) of this section. A gas utility shall
	provide to its customers notice of an application for a curtailment plan. A gas utility shall provide notice on the same day the gas utility files its application with the Commission. The gas utility may provide notice by hand delivery, by first class, certified, registered mail, commercial delivery service, electronic methods, or by such other manner as the Commission may require. The notice shall be in the form prescribed by the Commission. The Oversight and
	Safety Division may administratively approve the curtailment plan if no request for hearing is filed within thirty days of such notice. The Commission shall set the matter for hearing if it receives a timely request for hearing from a customer of the gas utility.
	(e) Required tariff filings. Within 90 days of the effective date of this section, each gas utility shall electronically file with the Commission, in the manner prescribed by the Commission, tariffs that shall include either:
	(1) the curtailment priorities as specified in this section; or(2) a curtailment plan approved by the Commission as specified in subsection (d) of this section.
	(f) Curtailment emergency contact information. Each gas utility shall maintain current curtailment emergency contact information with the Commission and shall submit curtailment emergency contact information on or before November 1 of each year.

		shall also state the cause of such
		interruptions. If any service interruption is reported to the commission otherwise (for example, as a curtailment report or
		safety report), such other report is sufficient to comply with the terms of this paragraph.
		(2) Customer relations.
		(A) Information to customers. Each utility shall:
		(i) maintain a current set of maps showing the physical locations of its facilities. All
		distribution facilities shall be labeled
		to indicate the size or any pertinent information which will accurately describe the utility's facilities. These maps, or such
		other maps as may be required by the regulatory authority, shall be kept by the utility in a
		central location and will be available for inspection by the regulatory authority during normal working hours. Each
		business office or service center
		shall have available up-to-date maps, plans, or records of its immediate area, with such other information as may be
		necessary to enable the utility to advise applicants and others entitled to the information
		as to the facilities available for
		serving that locality;
		(ii) assist the customer or applicant in selecting the most economical rate schedule;
		(iii) in compliance with applicable law or regulations, notify customers affected by a change
		in rates or schedule or
		classification;
		(iv) post a notice in a conspicuous place in each business office of the utility where
		applications for service are received informing the public that copies of the rate schedules and rules relating to the service of
		the utility as filed with the
		commission are available for inspection;
		(v) upon request inform its customers as to the method of reading meters;
		(vi) provide to new customers, at the time service is initiated or as an insert in the first
		billing, a pamphlet or information
		packet containing the following information. This information shall be provided in English
		and Spanish as necessary to adequately inform the customers; provided, however, the regulatory authority upon application
		and a showing of good
		cause may exempt the utility from the requirement that the information be provided in Spanish:
		(I) the customer's right to information concerning rates and services and the customer's right to inspect or obtain at
		reproduction cost a copy of the applicable tariffs and service rules;

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 36331
		(II) the customer's right to have his or her meter checked without charge under paragraph (7) of this section, if applicable;
		(III) the time allowed to pay outstanding bills;
		(IV) grounds for termination of service;
		(V) the steps the utility must take before terminating service;
		(VI) how the customer can resolve billing disputes with the utility and how disputes and health emergencies may affect termination of service;
		(VII) information on alternative payment plans offered by the utility;
		(VIII) the steps necessary to have service reconnected after involuntary termination;
		(IX) the appropriate regulatory authority with whom to register a complaint and how to contact such authority;
		(X) the hours, addresses, and telephone numbers of utility offices where bills may be paid and information may be obtained; and
		(XI) the customer's right to be instructed by the utility how to read his or her meter;
		(vii) at least once each calendar year, notify customers that information is available upon request, at no charge to the customer, concerning the items listed in clause (vi)(I)-(XI) of this subparagraph. This
		notice may be accomplished by use of a billitself.
		(B) Customer complaints. Upon complaint to the utility by residential or small commercial customers either at its office, by letter, or by telephone, the utility shall promptly make a suitable investigation and
		advise the complainant of the results thereof. If shall keep a record of all complaints which shall show the name and address of the complainant, the date and
		nature of the complaint, and the adjustment or disposition thereof for a period of one year subsequent to the final disposition of the complaint.
		(C) Utility response. Upon receipt of a complaint, either by letter or by telephone, from the regulatory authority on behalf of a customer, the utility shall make a suitable investigation and advise the
		regulatory authority and complainant of the results thereof. An initial response must be made by the next working day. The utility must make a final and complete response within 15 days from the date of the complaint, unless additional time is granted

RRC COID: 23	8 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 36331
	within the 15-day period. The commission encourages all customer complaints to be made in writing to assist the regulatory authority in maintaining
	records of the quality of service of each utility; however, telephone communications will be acceptable.
	(D) Deferred payment plan. The utility is encouraged to offer a deferred payment plan for delinquent residential
	accounts. If such a plan is offered, it shall conform to the following guidelines:
	(i) Every deferred payment plan entered into due to the customer's inability to pay the outstanding bill in full must provide
	that service will not be discontinued if the customer pays current bills and a reasonable amount of the outstanding bill and
	agrees to pay the balance in reasonable installments until the bill is paid.
	(ii) For purposes of determining reasonableness under these rules, the following shall be considered: size of delinquent
	account; customer's ability to pay; customer's payment history; time that the debt has been outstanding; reasons why debt has been outstanding; and other relevant factors concerning the circumstances of the
	customer.
	(iii) A deferred payment plan, if reduced to writing, offered by a utility shall state, immediately preceding the space
	provided for the customer's signature and in bold-face print at least two sizes larger than any other used, that: "If you are
	not satisfied with this agreement, do not sign. If you are satisfied with this agreement, you give up your right to dispute
	the amount due under the agreement except for the utility's failure or refusal to comply with the terms of this agreement."
	(iv) A deferred payment plan may include a one-time 5.0% penalty for late payment on the original amount of the
	outstanding bill with no prompt payment discount allowed except in cases where the outstanding bill is unusually high as
	a result of the utility's error (such as an inaccurately estimated bill or an incorrectly read meter). A deferred payment plan
	shall not include a finance charge.
	(v) If a customer for utility service has not fulfilled terms of a deferred payment agreement or refuses to sign the same if it
	is reduced to writing, the utility shall have the right to disconnect pursuant to disconnection rules herein and, under such
	circumstances, it shall not be required to offer a subsequent negotiation of a deferred payment agreement prior to disconnection.
	(vi) Any utility which institutes a deferred payment plan shall not refuse a customer participation in such a program on the

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:		RRC TARIFF NO: 36331
TARIFF CODE:	DS	RRC TARIFF NO: 30331
		basis of race, color, creed, sex, marital status, age, or any other form of discrimination prohibited by law.
		(E) Delayed payment of bills by elderly persons.
		(i) Applicability. This subparagraph applies only to:
		(I) a utility that assesses late payment charges on residential customers and that suspends service before the 26th day
		after the date of the bill for which collection action is taken;
		(II) utility bills issued on or after August 30, 1993; and
		(III) an elderly person, as defined in clause (ii) of this subparagraph, who is a residential customer and who occupies the
		entire premises for which a delay is requested.
		(ii) Definitions.
		(I) Elderly personA person who is 60 years of age or older.
		(II) UtilityA gas utility or municipally owned utility, as defined in Texas Utilities Code, Sections 101.003(7), 101.003(8), and 121.001-121.006.
		(iii) An elderly person may request that the utility implement the delay for either the most recent utility bill or for the most recent utility bill and each subsequent utility bill.
		(iv) On request of an elderly person, a utility shall delay without penalty the payment date of a bill for providing utility
		services to that person until the 25th day after the date on which the bill is issued.
		(v) The utility may require the requesting person to present reasonable proof that the person is 60 years of age or older.
		(vi) Every utility shall notify its customers of this delayed payment option no less often than yearly. A utility may include
		this notice with other information provided pursuant to subparagraph (A) of this paragraph.
		(3) Refusal of service.
		(A) Compliance by applicant. Any utility may decline to serve an applicant for whom service is available from previously installed facilities until such applicant has complied with the state and municipal
		regulations and approved rules and
		regulations of the utility on file with the commission governing the service applied for or for the following reasons.
		(i) Applicant's facilities inadequate. If the applicant's installation or equipment is known

RRC COID: 238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 36331
	to be hazardous or of such
	character that satisfactory service cannot be given.
	(ii) For indebtedness. If the applicant is indebted to any utility for the same kind of
	service as that applied for; provided,
	however, that in the event the indebtedness of the applicant for service is in dispute, the applicant shall be served upon
	complying with the applicable deposit requirement.
	(iii) Refusal to make deposit. For refusal to make a deposit if applicant is required to make
	a deposit under these rules.
	(B) Applicant's recourse. In the event that the utility shall refuse to serve an applicant
	under the provisions of these rules,
	the utility must inform the applicant of the basis of its refusal and that the applicant may file a complaint with the municipal
	regulatory authority or commission, whichever is appropriate.
	(C) Insufficient grounds for refusal to serve. The following shall not constitute sufficient
	cause for refusal of service to a
	present customer or applicant:
	(i) delinquency in payment for service by a previous occupant of the premises to be served;
	(ii) failure to pay for merchandise or charges for nonutility service purchased from the utility;
	(iii) failure to pay a bill to correct previous underbilling due to misapplication of rates more than six months prior to the date of application;
	(iv) violation of the utility's rules pertaining to operation of nonstandard equipment or unauthorized attachments which
	interfere with the service of others unless the customer has first been notified and been
	afforded reasonable opportunity
	to comply with these rules;
	(v) failure to pay a bill of another customer as guarantor thereof unless the guarantee was
	made in writing to the utility as
	a condition precedent to service; and
	(vi) failure to pay the bill of another customer at the same address except where the change
	of customer identity is made
	to avoid or evade payment of a utility bill.
	(4) Discontinuance of service.
	(A) The due date of the bill for utility service shall not be less than 15 days after
	issuance, or such other period of time as
	may be provided by order of the regulatory authority. A bill for utility service is

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 36331
		delinquent if unpaid by the due date.
		(B) A utility may offer an inducement for prompt payment of bills by allowing a discount in
		the amount of 5.0% for
		payment of bills within 10 days after their issuance. This provision shall not apply where it conflicts with existing orders
		or ordinances of the appropriate regulatory authority.
		(C) A customer's utility service may be disconnected if the bill has not been paid or a
		deferred payment plan pursuant to
		paragraph (2)(D) of this section has not been entered into within five working days after the bill has become delinquent
		and proper notice has been given. Proper notice consists of a deposit in the United States
		mail, postage prepaid, or hand delivery to the customer at least five working days prior to the stated date of
		disconnection, with the words
		"Termination Notice" or similar language prominently displayed on the notice. The notice shall be provided in English and
		Spanish as necessary to adequately inform the customer, and shall include the date of
		termination, the hours, address, and telephone number where payment may be made, and a statement that if a health or other
		emergency exists, the
		utility may be contacted concerning the nature of the emergency and the relief available, if any, to meet such emergency.
		any, to meet buch emergency.
		(D) Utility service may be disconnected for any of the following reasons:
		(i) failure to pay a delinquent account or failure to comply with the terms of a deferred
		payment plan for installment payment of a delinguent account;
		payment of a definquent account,
		(ii) violation of the utility's rules pertaining to the use of service in a manner which
		interferes with the service of others or the operation of nonstandard equipment, if a reasonable attempt has been made to notify the
		customer and the customer
		is provided with a reasonable opportunity to remedy the situation;
		(iii) failure to comply with deposit or guarantee arrangements where required by paragraph
		(5) of this section;
		(iv) without notice where a known dangerous condition exists for as long as the condition
		exists;
		(v) tampering with the utility company's meter or equipment or bypassing the same.
		(E) Utility service may not be disconnected for any of the following reasons:
		(i) delinquency in payment for service by a previous occupant of the premises;
		(ii) failure to pay for merchandise or charges for nonutility service by the utility;

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:		RRC TARIFF NO: 36331
		(iii) failure to pay for a different type or class of utility service unless fee for such service is included on the same bill;
		(iv) failure to pay the account of another customer as guarantor thereof, unless the utility has in writing the guarantee as a condition precedent to service;
		(v) failure to pay charges arising from an underbilling occurring due to any misapplication of rates more than six months
		prior to the current billings;
		(vi) failure to pay charges arising from an underbilling due to any faulty metering, unless the meter has been tampered with or unless such underbilling charges are due;
		with of unless such underprinning charges are due,
		(vii) failure to pay an estimated bill other than a bill rendered pursuant to an approved
		meter reading plan, unless the utility is unable to read the meter due to circumstances beyond its control.
		(F) Unless a dangerous condition exists, or unless the customer requests disconnection, service shall not be
		disconnected on a day, or on a day immediately preceding a day, when personnel of the utility
		are not available to the purpose of making collections and reconnecting service.
		(G) No utility may abandon a customer without written approval from the regulatory authority.
		(H) No utility may discontinue service to a delinquent residential customer permanently residing in an individually
		metered dwelling unit when that customer establishes that discontinuance of service will result in some person residing at
		that residence becoming seriously ill or more seriously ill if the service is discontinued. Any customer seeking to avoid
		termination of service under this section must make a written request supported by a written statement from a licensed
		physician. Both the request and the statement must be received by the utility not more than five working days after the
		date of delinquency of the bill. The prohibition against service termination provided by this section shall last 20 days from
		the date of receipt by the utility of the request and statement or such lesser period as may be agreed upon by the utility
		and the customer. The customer who makes such request shall sign an installment agreement which provides for
		payment of such service along with timely payments for subsequent monthly billings.
		(5) Applicant deposit.
		(A) Establishment of credit for residential applicants. Each utility may require a
		residential applicant for service to satisfactorily establish credit but such establishment of credit shall not relieve the

RRC COID: 23	8 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 36331
	customer from complying with rules for prompt payment of bills. Subject to these rules, a residential applicant shall not be
	required to pay a deposit
	(i) if the residential applicant has been a customer of any utility for the same kind of service within the last two years and
	is not delinquent in payment of any such utility service account and during the last 12 consecutive months of service did
	not have more than one occasion in which a bill for such utility service was paid after becoming delinquent and never had
	service disconnected for nonpayment;
	(ii) if the residential applicant furnishes in writing a satisfactory guarantee to secure payment of bills for the service required; or
	(iii) if the residential applicant furnishes in writing a satisfactory credit rating by appropriate means, including, but not
	limited to, the production of generally acceptable credit cards, letters of credit reference, the names of credit references
	which may be quickly and inexpensively contacted by the utility, or ownership of substantial equity.
	(B) Reestablishment of credit. Every applicant who has previously been a customer of the utility and whose service has
	been discontinued for nonpayment of bills shall be required before service is rendered to pay all his amounts due the
	utility or execute a written deferred payment agreement, if offered, and reestablish credit as provided in subparagraph (A) of this paragraph.
	(C) Amount of deposit and interest for residential service, and exemption from deposit.
	(i) The required deposit shall not exceed an amount equivalent to one-sixth of the estimated annual billings. If actual use
	is at least twice the amount of the estimated billings, a new deposit requirement may be calculated and an additional
	deposit may be required within two days. If such additional deposit is not made, the utility may disconnect service under
	the standard disconnection procedure for failure to comply with deposit requirements.
	(ii) All applicants for residential service who are 65 years of age or older will be considered as having established credit
	if such applicant does not have an outstanding account balance with the utility or another utility for the same utility service
	which accrued within the last two years. No cash deposit shall be required of such applicant under these conditions.
	(iii) Each utility which requires deposits to be made by its customers shall pay a minimum interest on such deposits
	Page 75 of 83

RRC COID: 2	238 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: D	DS RRC TARIFF NO: 36331
	according to the rate as established by law. If refund of deposit is made within 30 days of
	receipt of deposit, no interest
	payment is required. If the utility retains the deposit more than 30 days, payment of
	interest shall be made retroactive to the date of deposit.
	che date of deposit.
	(I) Payment of interest to the customer shall be annually or at the time the deposit is
	returned or credited to the
	customer's account.
	(II) The deposit shall cease to draw interest on the date it is returned or credited to the
	customer's account.
	(D) Deposits for temporary or seasonal service and for weekend or seasonal residences. The
	utility may require a
	deposit sufficient to reasonably protect it against the assumed risk, provided such a policy
	is applied in a uniform and
	nondiscriminatory manner.
	(E) Records of deposits.
	(i) The utility shall keep records to show:
	(I) the name and address of each depositor;
	(II) the amount and date of the deposit; and
	(III) each transaction concerning the deposit.
	(ii) The utility shall issue a receipt of deposit to each applicant from whom a deposit is
	received and shall provide means
	whereby a depositor may establish claim if the receipt is lost.
	(iii) A record of each unclaimed deposit must be maintained for at least four years, during
	which time the utility shall
	make a reasonable effort to return the deposit.
	(F) Refund of deposit.
	(i) If service is not connected or after disconnection of service, the utility shall promptly
	and automatically refund the
	customer's deposit plus accrued interest on the balance, if any, in excess of the unpaid
	bills for service furnished. The
	transfer of service from one premise to another within the service area of the utility shall not be deemed a disconnection
	within the meaning of these rules, and no additional deposit may be demanded unless permitted
	by these rules.
	(ii) When the customer has paid bills for service for 12 consecutive residential bills without
	having service disconnected

RRC COID: 23	88 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 36331
	for nonpayment of bill and without having more than two occasions in which a bill was delinquent and when the
	customer is not delinquent in the payment of the current bills, the utility shall promptly
	and automatically refund the deposit plus accrued interest to the customer in the form of cash or credit to a customer's
	account.
	(G) Upon sale or transfer of utility or company. Upon the sale or transfer of any public
	utility or operating units thereof, the seller shall file with the commission under oath, in addition to other information, a
	list showing the names and
	addresses of all customers served by such utility or unit who have to their credit a deposit, the date such deposit was
	made, the amount thereof, and the unpaid interest thereon.
	(H) Complaint by applicant or customer. Each utility shall direct its personnel engaged in
	initial contact with an applicant
	or customer for service seeking to establish or reestablish credit under the provisions of these rules to inform the
	customer, if dissatisfaction is expressed with the utility's decision, of the customer's
	right to file a complaint with the regulatory authority thereon.
	(6) Billing.
	(A) Bills for gas service shall be rendered monthly, unless otherwise authorized or unless
	service is rendered for a period less than a month. Bills shall be rendered as promptly as possible following the reading of
	meters.
	(B) The customer's bill must show all the following information. The information must be
	arranged and displayed in such a manner as to allow the customer to compute his bill with the applicable rate schedule. The
	applicable rate schedule
	must be mailed to the customer on request of the customer. A utility may exhaust its present stock of nonconforming bill
	forms before compliance is required by this section:
	(i) if the meter is read by the utility, the date and reading of the meter at the beginning
	and end of the period for which
	rendered;
	(ii) the number and kind of units billed;
	(iii) the applicable rate schedule title or code;
	(iv) the total base bill;
	(v) the total of any adjustments to the base bill and the amount of adjustments per billing unit;

RRC COID: 2	238 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS RRC TARIFF NO: 36331
	(vi) the date by which the customer must pay the bill to get prompt payment discount;
	(vii) the total amount due before and after any discount for prompt payment within a
	designated period;
	(miii) - distinct moulting to identify on optimated bill
	(viii) a distinct marking to identify an estimated bill.
	(C) Where there is good reason for doing so, estimated bills may be submitted, provided that
	an actual meter reading is
	taken at least every six months. For the second consecutive month in which the meter reader is unable to gain access to
	the premises to read the meter on regular meter reading trips, or in months where meters are
	not read otherwise, the utility must provide the customer with a postcard and request that the customer read the
	meter and return the card to the
	utility if the meter is of a type that can be read by the customer without significant
	inconvenience or special tools or equipment. If such a postcard is not received by the utility in time for billing, the utility
	may estimate the meter reading
	and render the bill accordingly.
	(D) Disputed bills.
	(i) In the event of a dispute between the customer and the utility regarding the bill, the
	utility must forthwith make such
	investigation as is required by the particular case and report the results thereof to the customer. If the customer wishes to
	obtain the benefits of clause (ii) of this subparagraph, notification of the dispute must be
	given to the utility prior to the
	date the bill becomes delinquent. In the event the dispute is not resolved, the utility shall inform the customer of the
	complaint procedures of the appropriate regulatory authority.
	(ii) Notwithstanding any other subsection of this section, the customer shall not be required
	to pay the disputed portion
	of the bill which exceeds the amount of that customer's average usage for the billing period
	at current rates until the
	earlier of the following: resolution of the dispute or the expiration of the 60-day period beginning on the day the disputed
	bill is issued. For purposes of this section only, the customer's average usage for the
	billing period shall be the average of
	the customer's usage for the same billing period during the preceding two years. Where no previous usage history exists,
	the average usage shall be estimated on the basis of usage levels of similar customers and
	under similar conditions.
	(7) Meters.
	(A) Meter requirements.
	(II) INCOL LOQUILONOD.

RRC COID: 23	38 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 36331
	(i) Use of meter. All gas sold by a utility must be charged for by meter measurements, except
	where otherwise provided
	for by applicable law, regulation of the regulatory authority, or tariff.
	(ii) Installation by utility. Unless otherwise authorized by the regulatory authority, each
	utility must provide and install and
	will continue to own and maintain all meters necessary for measurement of gas delivered to its customers.
	(iii) Standard type. No utility may furnish, set up, or put in use any meter which is not reliable and of a standard type
	which meets generally accepted industry standards; provided, however, special meters not necessarily conforming to
	such standard types may be used for investigation, testing, or experimental purposes.
	(B) Meter records. Each utility must keep the following records:
	(i) Meter equipment records. Each utility must keep a record of all its meters, showing the
	customer's address and date
	of the last test.
	(ii) Records of meter tests. All meter tests must be properly referenced to the meter record provided for therein. The
	record of each test made on request of a customer must show the identifying number and constants of the meter, the
	standard meter and other measuring devices used, the date and kind of test made, by whom
	made, the error (or
	percentage of accuracy) at each load tested, and sufficient data to permit verification of all calculations.
	(iii) Meter readingsmeter unit location. In general, each meter must indicate clearly the
	units of service for which charge
	is made to the customer.
	(iv) Meter tests on request of customer.
	(I) Each utility must, upon request of a customer, make a test of the accuracy of the meter
	serving that customer. The
	utility must inform the customer of the time and place of the test and permit the customer or
	his authorized representative to be present if the customer so desires. If no such test has been performed within the
	previous four years for the same
	customer at the same location, the test is to be performed without charge. If such a test has
	been performed for the
	same customer at the same location within the previous four years, the utility is entitled to
	charge a fee for the test not to
	exceed \$15 or such other fee for the testing of meters as may be set forth in the utility's tariff properly on file with the
	regulatory authority. The customer must be properly informed of the result of any test on a
	meter that serves him.

RRC COID:	238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS	RRC TARIFF NO: 36331
		(II) Notwithstanding subclause (I) of this clause, if the meter is found to be more than nominally defective, to either the
		customer's or the utility's disadvantage, any fee charged for a meter test must be refunded
		to the customer. More than
		nominally defective means a deviation of more than 2.0% from accurate registration.
		(v) Bill adjustments due to meter error.
		(I) If any meter test reveals a meter to be more than nominally defective, the utility must correct previous readings
		consistent with the inaccuracy found in the meter for the period of either:
		(-a-) the last six months; or
		(-b-) the last test of the meter, whichever is shorter. Any resulting underbillings or overbillings are to be corrected in
		subsequent bills, unless service is terminated, in which event a monetary adjustment is to be made. This requirement for
		a correction may be foregone by the utility if the error is to the utility's disadvantage.
		(II) If a meter is found not to register for any period of time, the utility may make a charge for units used but not metered
		for a period not to exceed three months previous to the time the meter is found not to be registering. The determination
		of amounts used but not metered is to be based on consumption during other like periods by
		the same customer at the same location, when available, and on consumption under similar conditions at the same
		location or of other similarly
		situated customers, when not available.
7.45b		(8) New construction.
		(A) Standards of construction. Each utility is to construct, install, operate, and maintain
		its plant, structures, equipment,
		and lines in accordance with the provisions of such codes and standards as are generally
		accepted by the industry, as modified by rule or regulation of the regulatory authority or otherwise by law, and in such
		manner to best accommodate
		the public and to prevent interference with service furnished by other public utilities insofar as practical.
		(B) Line extension and construction charges. Every utility must file its extension policy.
		The policy must be consistent, nondiscriminatory, and is subject to the approval of the regulatory authority. No
		contribution in aid of construction may
		be required of any customer except as provided for in extension policy.
		(C) Response to request for service. Every gas utility must serve each qualified applicant

RRC COID: 2	238 COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE:	DS RRC TARIFF NO: 36331
	for service within its service area as rapidly as practical. As a general policy, those applications not involving line extensions or new facilities should be filled within seven working days. Those applications for individual residential service requiring line extensions should be filled within 90 days unless unavailability of materials or other causes beyond the control of the utility result in unavoidable delays. In the event that residential service is delayed in excess of 90 days after an applicant has met credit requirements and made satisfactory arrangements for payment of any required construction charges, a report must be
	made to the regulatory authority listing the name of the applicant, location, and cause for delay. Unless such delays are due to causes which are reasonably beyond the control of the utility, a delay in excess of 90 days may be found to constitute a refusal to serve.
	Source Note: The provisions of this Section 7.45 adopted to be effective June 26, 1977, 2 TexReg 2371; amended to be effective March 30, 1983, 8 TexReg 887; amended to be effective September 25, 1987, 12 TexReg 3040; amended to be effective September 21, 1998, 23 TexReg 9543.
7.460	TITLE 16ECONOMIC REGULATIONPART 1RAILROAD COMMISSION OF TEXASCHAPTER 7GAS SERVICESSUBCHAPTER DCUSTOMER SERVICE AND PROTECTIONRULE 7.460Suspension of Gas Utility Service Disconnection During an ExtremeWeather Emergency
	(a) Applicability and scope. This rule applies to gas utilities, as defined in Texas Utilities Code, ? 101.003(7) and ?121.001, and to owners, operators, and managers of mobile home parks or apartment houses who purchase natural gas through a master meter for delivery to a dwelling unit in a mobile home park or apartment house, pursuant to Texas Utilities Code, ??124.001-124.002, within the jurisdiction of the Railroad Commission pursuant to Texas Utilities Code, ? 102.001. For purposes of this section, all such gas utilities and owners, operators and managers of master meter systems shall be referred to as "providers." Providers shall comply with the following service standards. A gas distribution utility shall file amended service rules incorporating these standards with the Railroad Commission in the manner prescribed by law.
	 (b) Disconnection prohibited. Except where there is a known dangerous condition or a use of natural gas service in a manner that is dangerous or unreasonably interferes with service to others, a provider shall not disconnect natural gas service to: (1) a delinquent residential customer during an extreme weather emergency. An extreme weather emergency means a day when the previous day's highest temperature did not exceed 32 degrees Fahrenheit and the temperature is predicted to remain at or below that level for the next 24 hours according to the nearest National Weather Station for the county where the customer takes service. 2) a delinquent residential customer for a billing period in which the provider receives a

RRC COID: 238	COMPANY NAME: MARKHAM GAS CORPORATION
TARIFF CODE: DS	RRC TARIFF NO: 36331
	written pledge, letter of intent, purchase order, or other written notification from an energy assistance provider that it is forwarding sufficient payment to continue service; or (3) a delinquent residential customer on a weekend day, unless personnel or agents of the provider are available for the purpose of receiving payment or making collections and reconnecting service.
	(c) Payment plans. Providers shall defer collection of the full payment of bills that are due during an extreme weather emergency until after the emergency is over, and shall work with customers to establish a payment schedule for deferred bills as set forth in ?7.45 of this title (relating to Quality of Service).
	 (d) Notice. Beginning in the September or October billing periods utilities and owners, operators, or managers of master metered systems shall give notice as follows: (1) Each utility shall provide a copy of this rule to the social services agencies that distribute funds from the Low Income Home Energy Assistance Program within the utility's service area.
	(2) Each utility shall provide a copy of this rule to any other social service agency of which the provider is aware that provides financial assistance to low income customers in the utility's service area.
	 (3) Each utility shall provide a copy of this rule to all residential customers of the utility and customers who are owners, operators, or managers of master metered systems. (4) Owners, operators, or managers of master metered systems shall provide a copy of this rule to all of their customers.
	(e)In addition to the minimum standards specified in this section, providers may adopt additional or alternative requirements if the provider files a tariff with the Commission pursuant to ?7.315 of this title (relating to Filing of Tariffs). The Commission shall review the tariff to ensure that at least the minimum standards of this section are met.
