**NOTES TO RATES TABLE**

1. The Committed Rates set forth herein are available as of October 1, 2022 [W] for all origin points other than the Verdun Tom Hanks Central Tank Battery and as of December 1, 2022 for the Tom Hanks Central Tank Battery origin point for any shipper that signs a Transportation Services Agreement with Carrier and agrees therein to make an acreage dedication for at least seven years.

**INCENTIVE RATE PROGRAM**

Carrier is offering an incentive rate program for movements made under the Base Rates set forth in this tariff; movements made by a Committed Shipper in a month under the Committed Shipper rates do not count towards qualification for the Program. Any shipper that ships the number of barrels set forth in one of the volume tiers below at the Base Rate during a month, as measured on an average daily basis, will qualify for the transportation rate for that tier for all of the movements the shipper makes in the month under this tariff. Barrels that such a shipper ships in a month under this tariff at the Base Rate, as well as those that the shipper ships at the Base Rate under (i) Arrowhead Eagle Ford's FERC No. 2.7 (and subsequent reissues thereof) and (ii) Arrowhead Gathering Company, LLC's TRRC Tariff No. 2.16 (and subsequent reissues thereof), will be used to determine if a shipper meets the volume tier requirement. The rates below may be subject to indexing each year.

<b>Volume Tier</b>	<b>Incentive Rate (Cents Per Barrel)</b>
10,000 – 25,000 barrels per day	77.17
25,001 – 50,000 barrels per day	71.17
50,001 or greater barrels per day	64.27
