

RAILROAD COMMISSION OF TEXAS

HEARINGS DIVISION

OIL AND GAS DOCKET NO. 08-0326846

APPLICATION OF BLACKBEARD OPERATING, LLC (073056) FOR BLANKET RULE 10 AUTHORITY, MER ALLOWABLE, INCREASED NET GOR, AND CANCELLATION OF OVERPRODUCTION FOR UNLIMITED OIL AND GAS ALLOWABLE ASSIGNMENTS IN THE SAND HILLS (CLEAR FORK) AND SAND HILLS (TUBB) FIELDS, CRANE COUNTY, TEXAS.

ORDER REMANDING APPLICATION

The Railroad Commission of Texas ("Commission") finds that after statutory notice in the above-docketed case, heard on January 20, 21, 22 and March 16, 17, 2021, the presiding Technical Examiner and Administrative Law Judge (collectively, "Examiners") have made and filed a Proposal for Decision containing findings of fact and conclusions of law, which was served on all parties of record, and that this proceeding was duly submitted to the Commission at a conference held in its offices in Austin, Texas.

The Commission finds that public records containing erroneous information concerning overproduction of oil and gas from the applicant's leases within the subject fields were made a part of the record in this docket prior to the discovery of the error.

Therefore, it is **ORDERED** by the Commission that the subject application should be remanded to the Hearings Division solely for the limited purpose of updating the record with the correct allowables and overproduction values and determining whether the new values have a material impact on the findings of fact and conclusions of law submitted by the Examiners in the Proposal for Decision.

Signed on December 7, 2021.
