

Waste Hauler Permit Applications in LoneSTAR

Misti Kinnison & Christine Peters July 2025

Welcome

Presentation Topics:

- RRC Access Management Process (RAMP)
- Accessing LoneSTAR & assigning security roles
- Facility Electronic Information System (FEIS)
- Overview of the Waste Hauler Facility Detail Summary page
- How to submit a Waste Hauler Permit
 Application in LoneSTAR

RRC Access Management Process

The Railroad Commission (RRC) of Texas has implemented the RRC Access Management Process (RAMP) for authenticated users to have a single sign-on.

Authenticated User

- Create a RAMP account
 - <u>https://www.rrc.texas.gov/apps/rrc-ramp/</u>
 - Complete the Security Administrator Form External (SAFE)
- Each organization must designate a Delegated Administrator
- For assistance with your RAMP account, contact: <u>Help.Desk@rrc.texas.gov</u>

RRC's State Tracking & Reporting System (LoneSTAR) is the largest information technology project in agency history.

Waste Hauler's external functions were made available in April 2025.

If you have questions regarding RRC LoneSTAR, contact the RRC via email at Publicassist@rrc.texas.gov

LoneSTAR Login (1 of 4)

Select the RRC Applications flag on the Railroad Commission (RRC) home page.

LoneSTAR Login (2 of 4)

RRC Applications

Select the LONESTAR tile.

LoneSTAR Login (3 of 4)

Enter your email and password.

RRC SIGN IN

SIGN IN

Forgot Password

For further assistance, or if you have any questions, contact the RRC at RRCOnline-Security@rrc.texas.gov.

For the best experience accessing RAMP, please bookmark: https://ramp.rrc.texas.gov/enduser/? realm=/RAMP#/

RRC SIGN IN

The RRC Sign In allows authorized users to electronically file permit applications, forms and documents with and submit fees, penalties and other payments to the Railroad Commission of Texas (RRC).

ACCEPTABLE USE POLICY

Unauthorized access to this computer system is prohibited. Evidence of criminal liability will be provided to law enforcement agencies. This system is subject to monitoring and stored data may be accessed and recorded. Anyone using this system consents to monitoring and should have no expectation of privacy except as otherwise provided by applicable privacy laws. Use of this system indicates your acknowledgement of and consent to comply with the agency's security policies.

ACCESSIBILITY

The RRC is committed to making its website and applications accessible to all users. For more information on accessibility, reference the agency's <u>Accessibility Policy</u>

LoneSTAR Login (4 of 4)

Login Success

- 1. Your name and organization will display on the screen.
- If you are affiliated with more than one organization, a dropdown menu will be available in the box at the center of this page.

| RAILROAD COMMISSION OF TEXAS - STATE TRACKING AND REPORTING | 1 ≇ Hell |

Security Assignments define how a user may interact with the Facility Electronic Information System (FEIS).

- *External Read Only* Allows an external user to browse the system.
- WH Application Submitter Allows an external user to submit the WH Application.
- Organization Administrator Allows an external user to add other users in the organization and set their security roles.

Who Needs a Waste Hauler Permit?

§4.193 Any person who transports oil and gas waste for hire by any method other than by pipeline off a lease, unit, or other oil or gas property where it is generated is required to have an oil and gas waste hauler permit.

You should know...

- You must have an active Form P-5 Organization Report.
- RRC
 Communication is sent via email.
 - To update an email address, contact the P-5 department.

Accessing a WHP Application

The Waste Hauler Permit (WHP) Application can be accessed from the Facility Detail or FEIS landing pages.

- Select the Online Forms tab
- Select Waste Hauler Permit Application

Validation Errors & Warnings

A status of 😢 represents an error with the entry. A status of \mathrm represents an entry with a warning message. Entries with errors must be corrected to issue a permit with the updated information. Entries with warnings can be submitted and permitted after application review. Please correct individually or re-upload the Excel file, if necessary.

| Browse | A status of 😢 represents an error with the | entry. |
|--------------------|--|--|
| Allowed types: xls | x | A status of () represents an entry with a warning message. |

A **red circle with an X** in the center represents **Errors** for an entry.

A **yellow circle with an!** in the center represents Warnings for an entry.

Entries with **errors** must be corrected to issue a permit. Entries with **warnings** require a manual review by RRC staff.

These symbols are used for entries in the **Vehicle** grid, the **UIC Well** grid, and the **Surface Disposal Facilities** grid.

WHP Application (3 of 15)

Waste Hauler Vehicle Grid Page

To add a single vehicle, select Add New from the Actions menu. Cick the Save button at the bottom of the page after performing any action that modifies your list of vehicles. This will update vehicle statuses and validations. To add multiple vehicles at one time, follow the steps provided.

Step 1: Select Export-Excel from the Actions menu. Vehicles currently in the Vehicle Table below will auto populate into the template.

Step 2: Fill in the required fields with the vehicle information you are adding. See the template for instructions.

Step 3: Remove any vehicles from the template that you no longer own or use. Make any corrections to current vehicle information (Ex. Correct License Plate # or Vehicle VIN). Upon uploading the template, vehicles currently listed in the Vehicle Table will be replaced with data from the uploaded file. THIS ACTION CANNOT BE UNDONE.

Step 4: Select Browse to upload the completed template. This may take a few minutes to populate into the Vehicle Table.

Step 5: Click the Save button at the bottom of the page.

A status of 😵 represents an error with the entry. A status of 40 represents an entry with a warning message. Entries with errors must be corrected to issue a permit with the updated information. Entries with warnings can be submitted and permitted after application review. Please correct individually or re-upload the Excel file, if necessary.

WHP Application (4 of 15)

×

Add New Vehicle

Enter the VIN and license plate, then click "Validate DMV" to validate the information entered. You can save the information once the vehicle has been validated. You will need to revalidate if any information is changed.

Steps for adding vehicles one at a time:

Note: By default, the modal will indicate that the vehicle is not registered outside Texas.

- 1. Enter the Vehicle VIN, License Plate #, and select the Validate DMV button.
- 2. The vehicle will be validated in a database linked to the Texas DMV containing all registered Texas vehicles suitable for hauling oil and gas waste.
- 3. When the vehicle passes validation, select **Add** to add the vehicle to the **Vehicles** grid.

UIC Wells can be added or removed by selecting **Add New** or **Remove Wells** from the grid **Actions** drop-down.

Enter the **UIC Number** to **Add a New UIC Well**.

Select the Validate button.

The UIC Well will be validated against the RRC database, containing all the wells' data.

If the Well passes validation, the following details are auto-filled in:

- RRC Operator
- API Number
- P5 Organization Status
- Lease
- Well Status

Click on the **Add** button to add the well.

Add UIC Well

Enter the UIC Number, then click "Validate" to validate the information entered. You can save the information once the well has been validated. You will need to revalidate if any information is changed.
